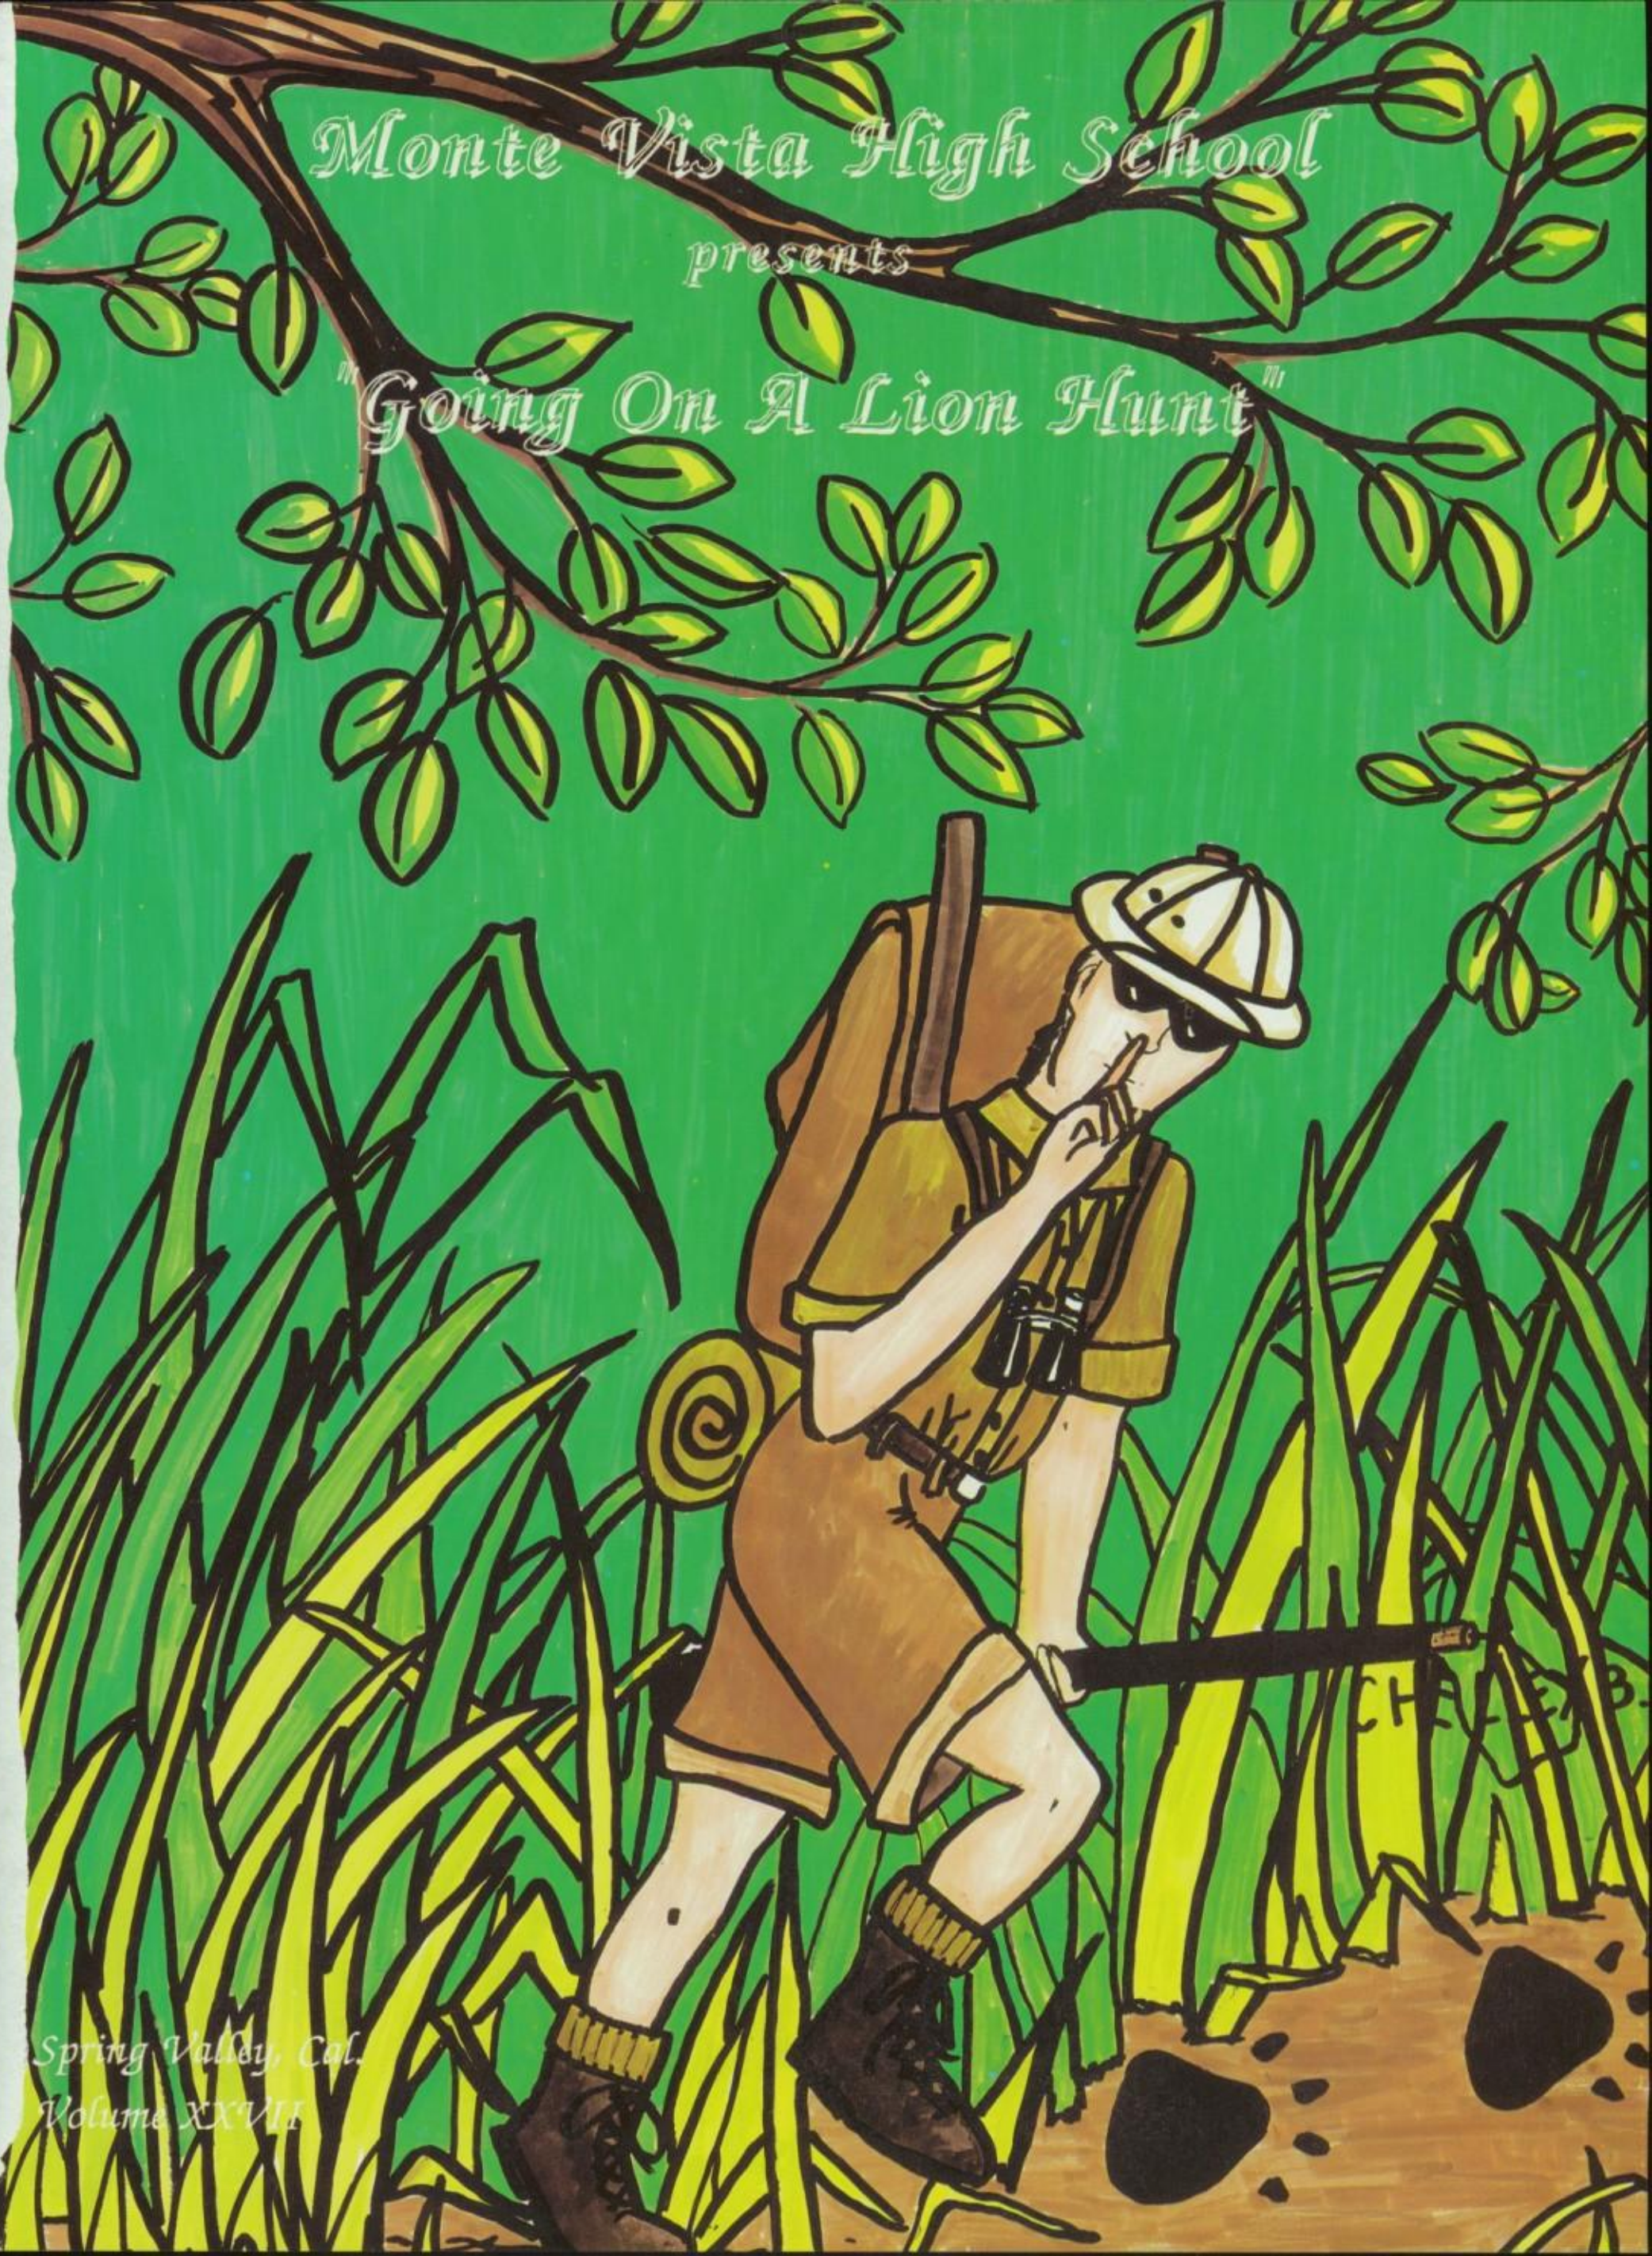
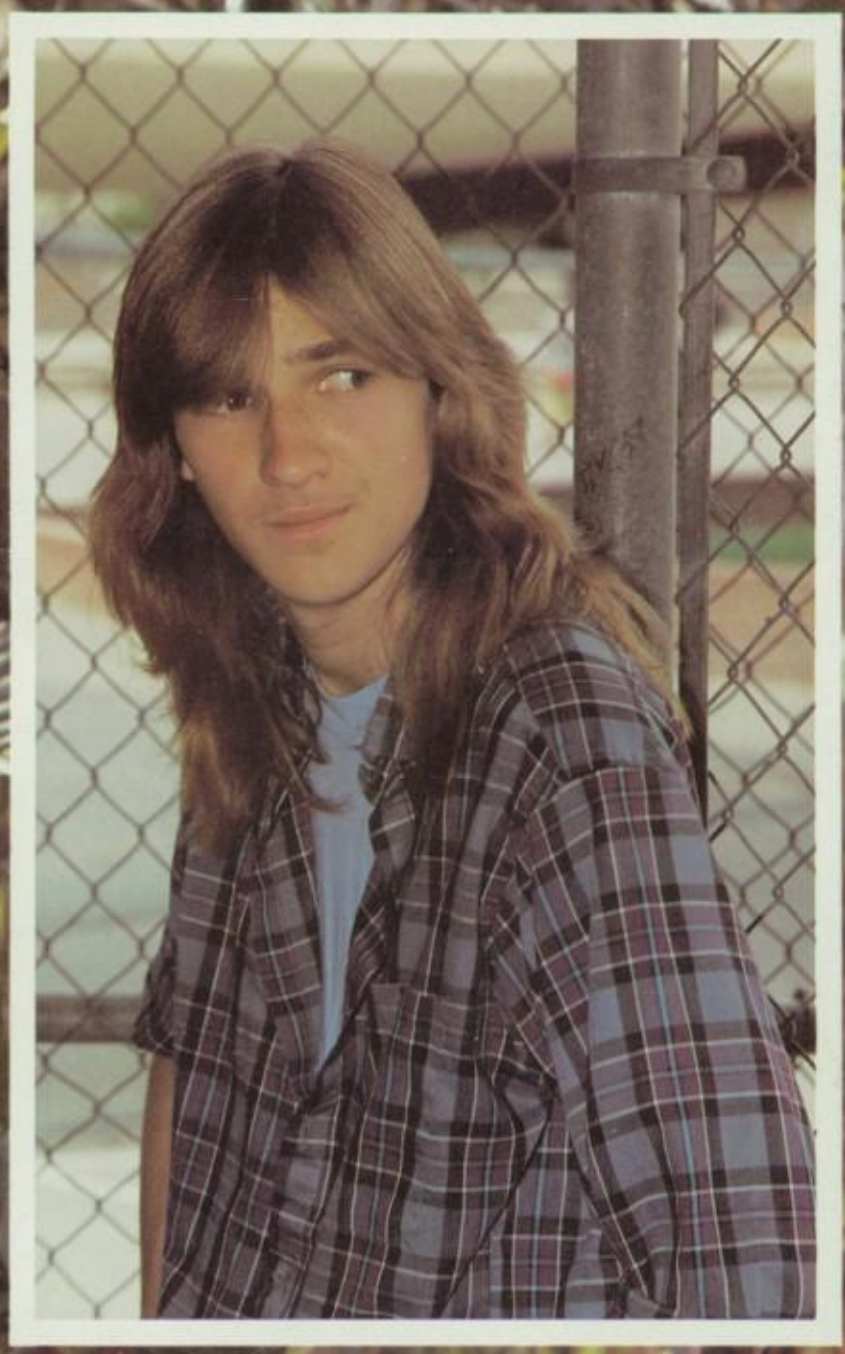
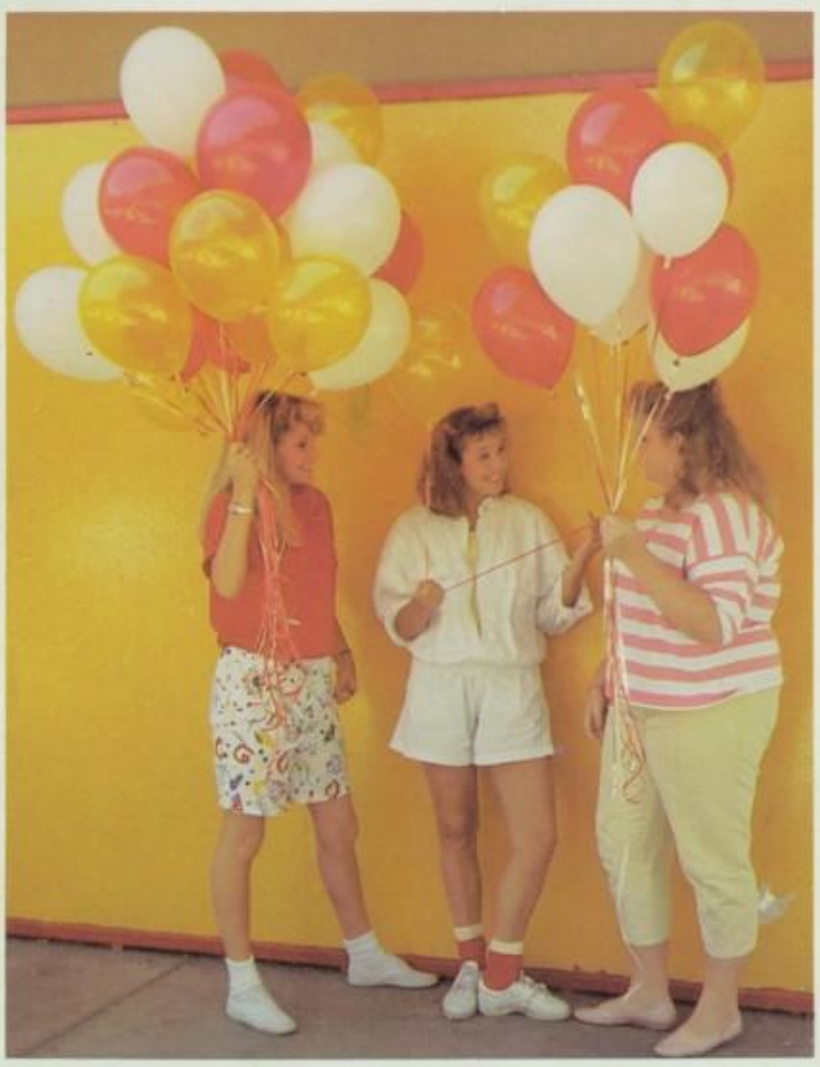
"Going On A Lion Hunt"



Spring Valley, Cal.
Volume XXVII

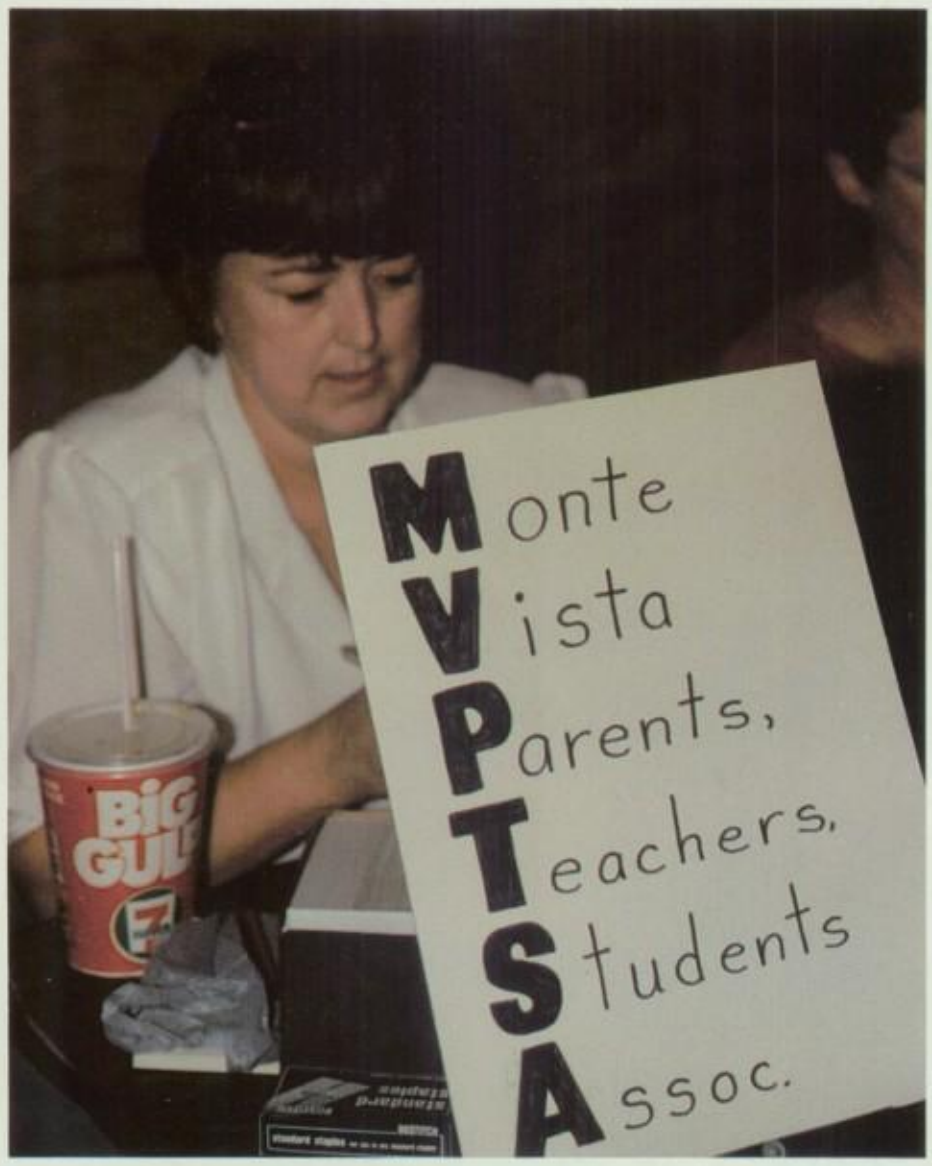
Goin' on a lion hunt. I'm not afraid!

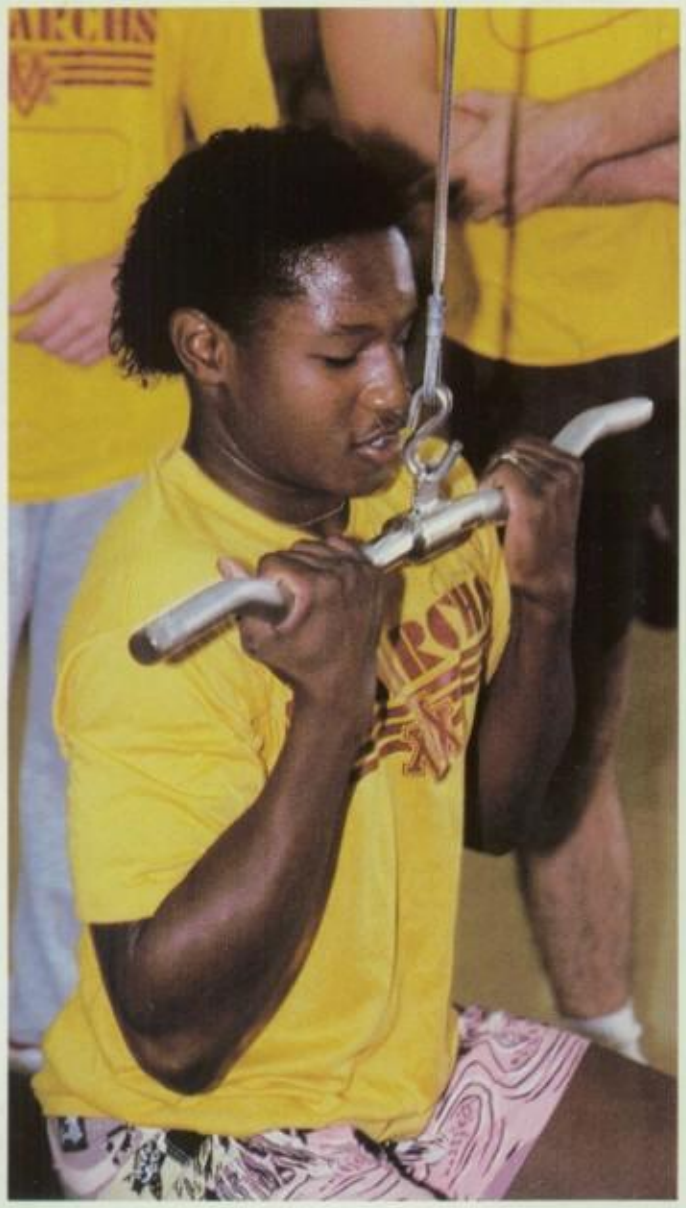


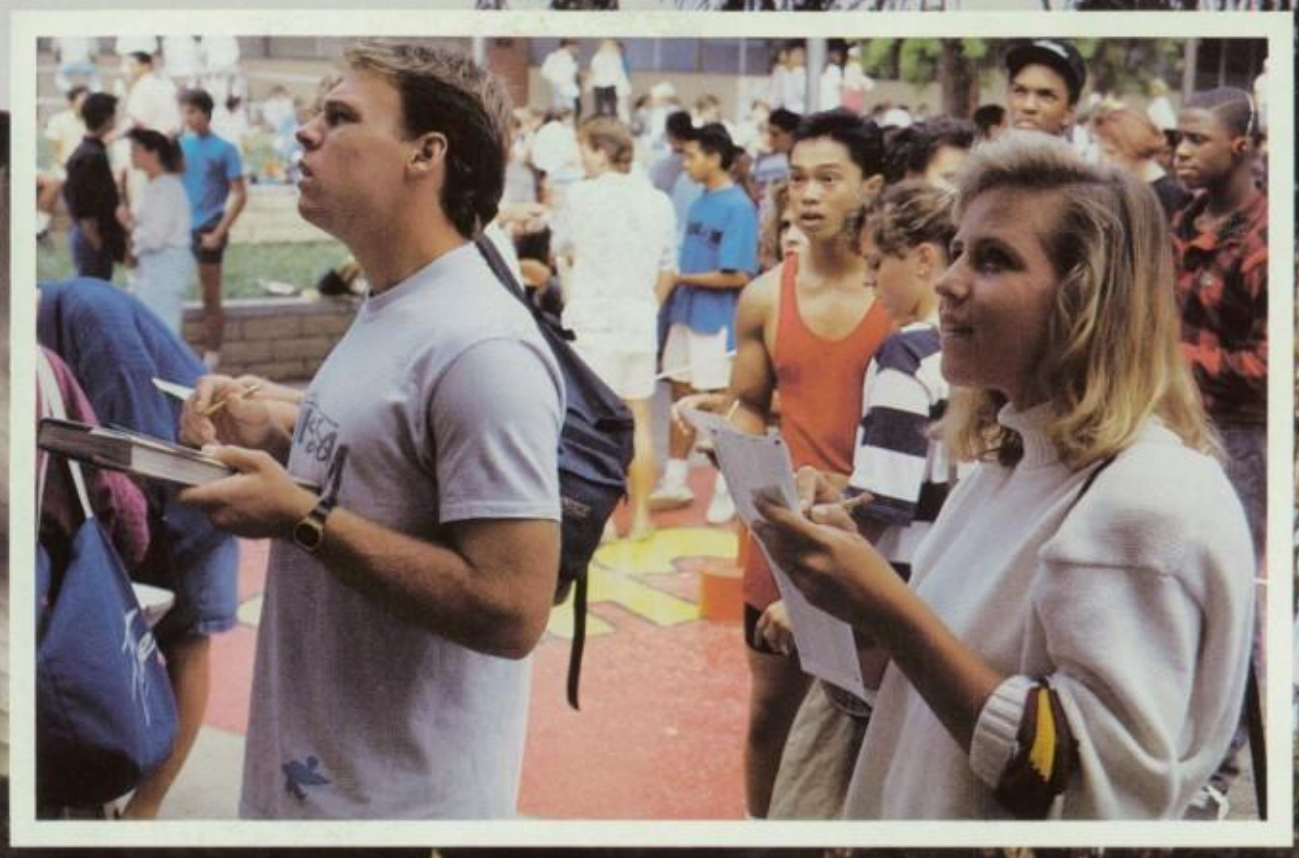


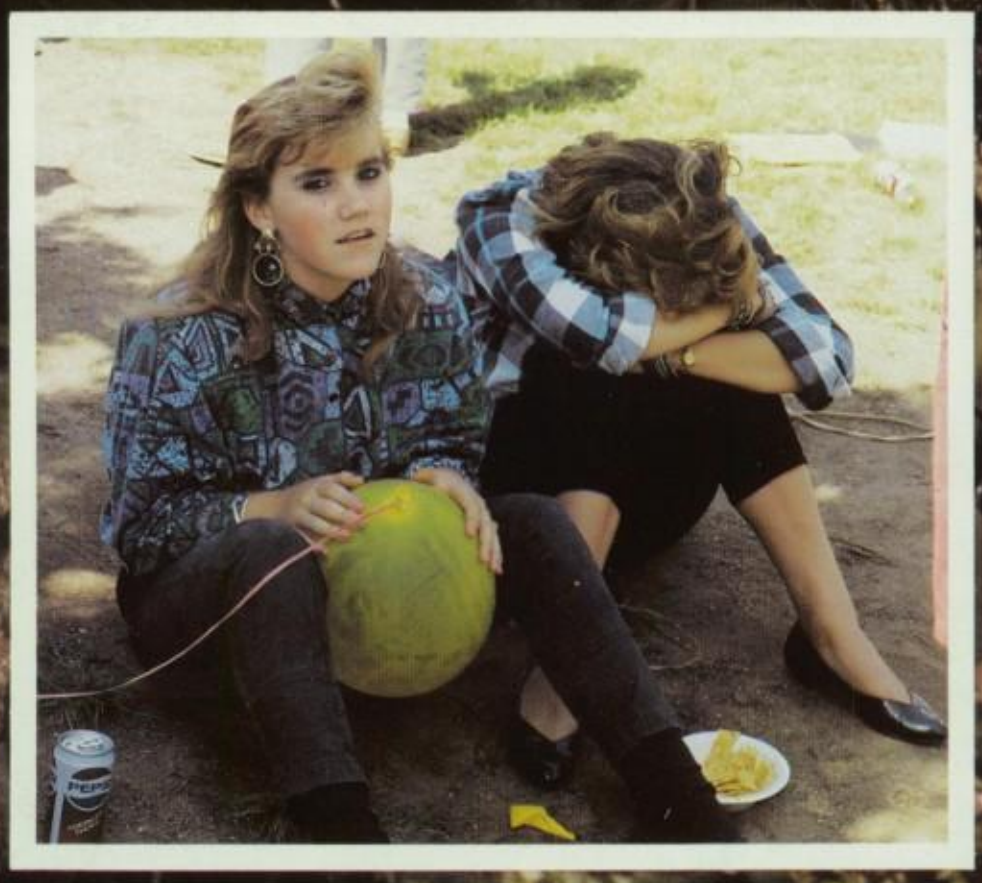
"Cause I got my shotgun.

Coming to a cliff, climb the cliff, look...



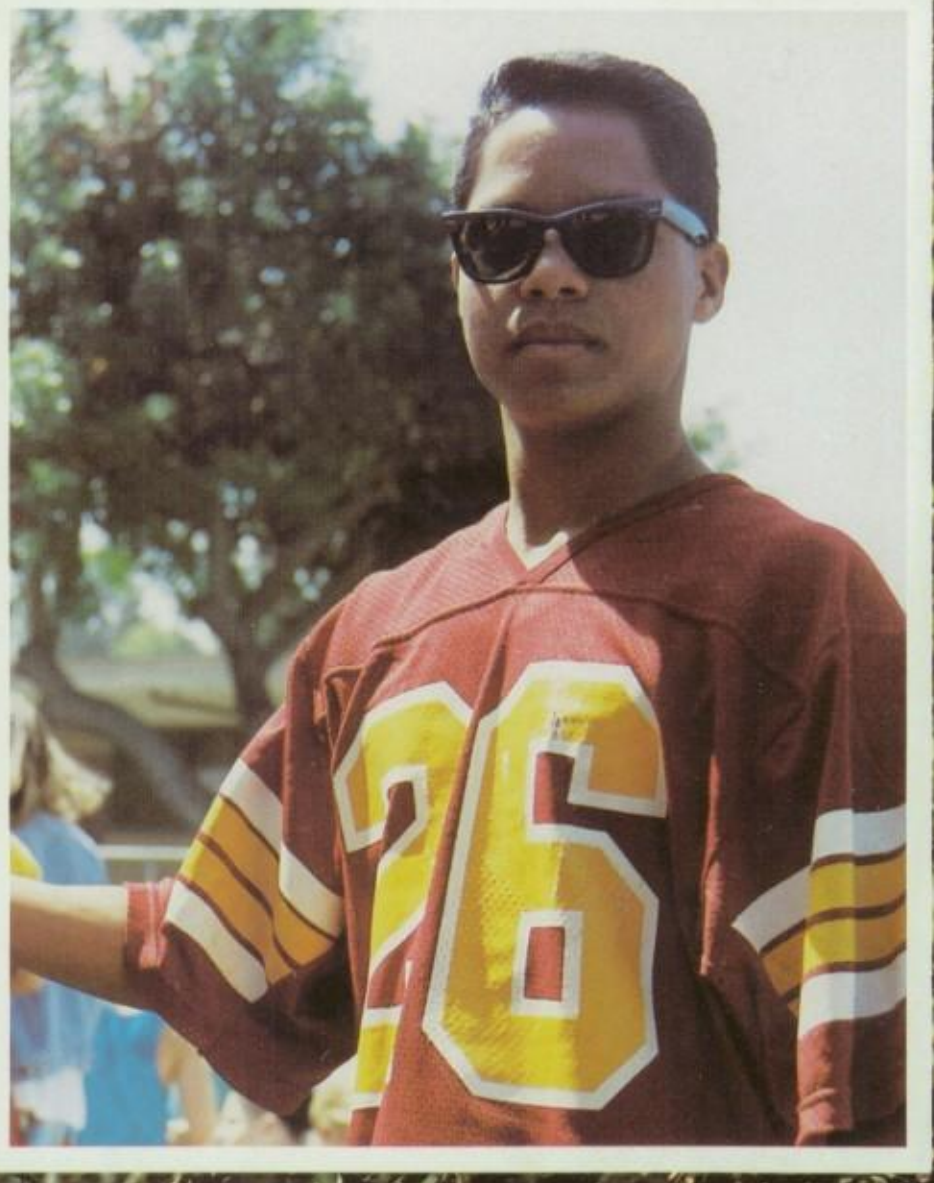


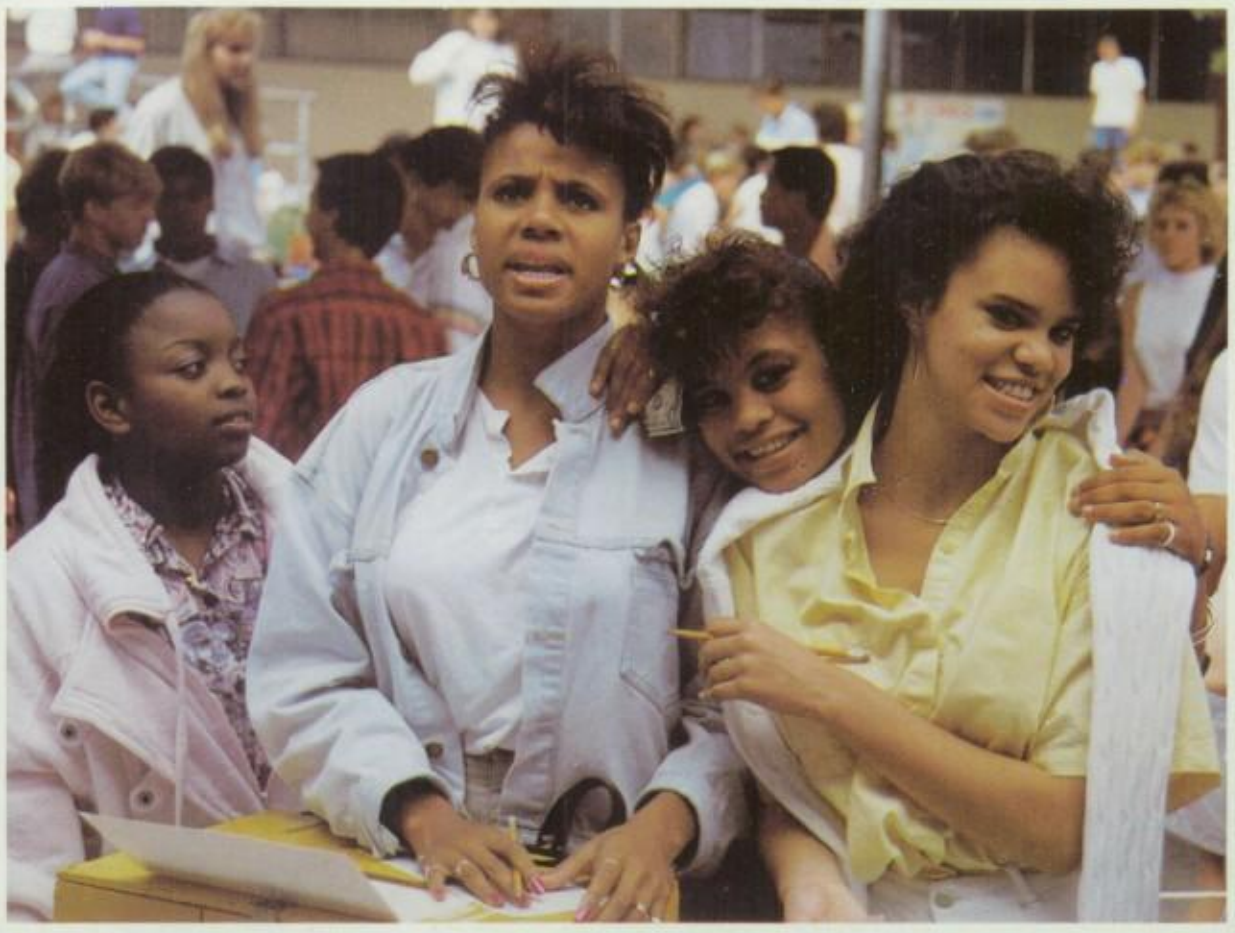


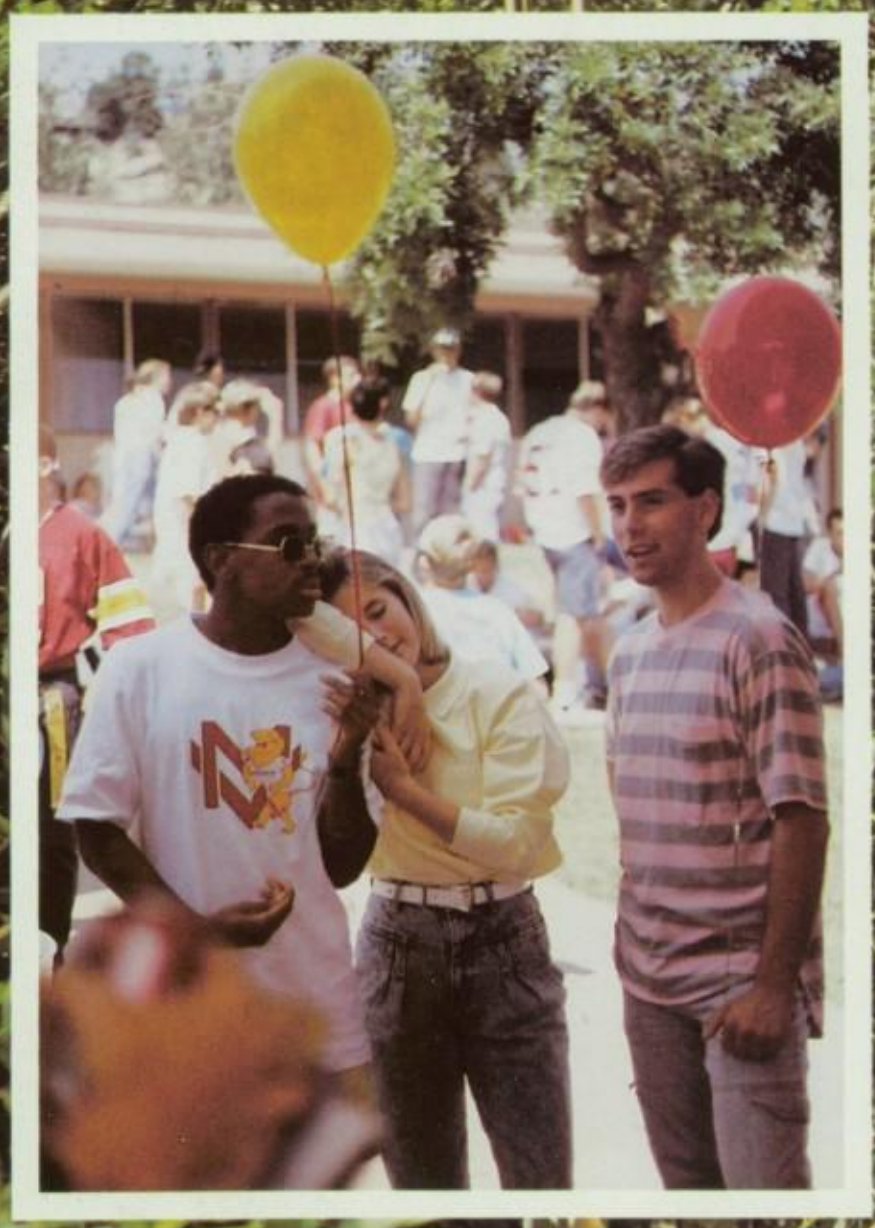


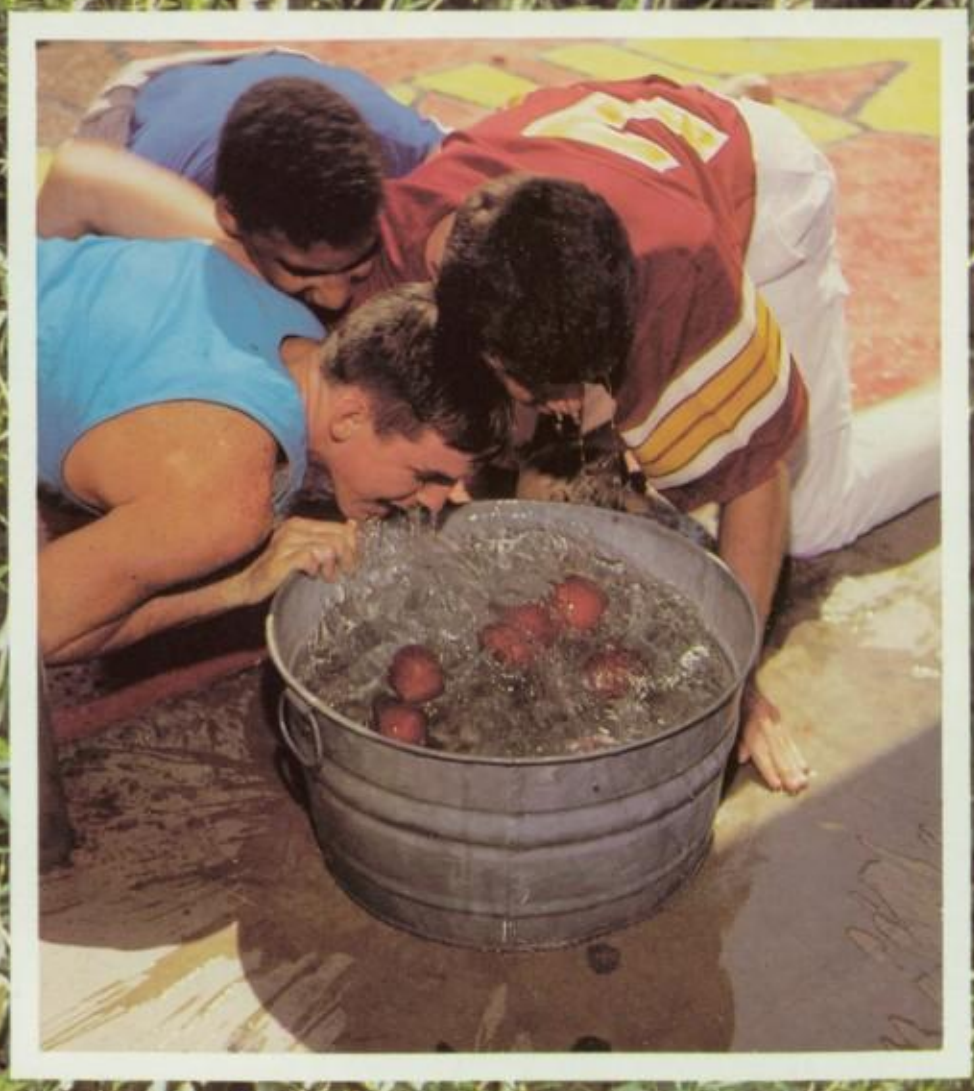
But I don't see no lion!

Coming to a swamp, through the swamp...



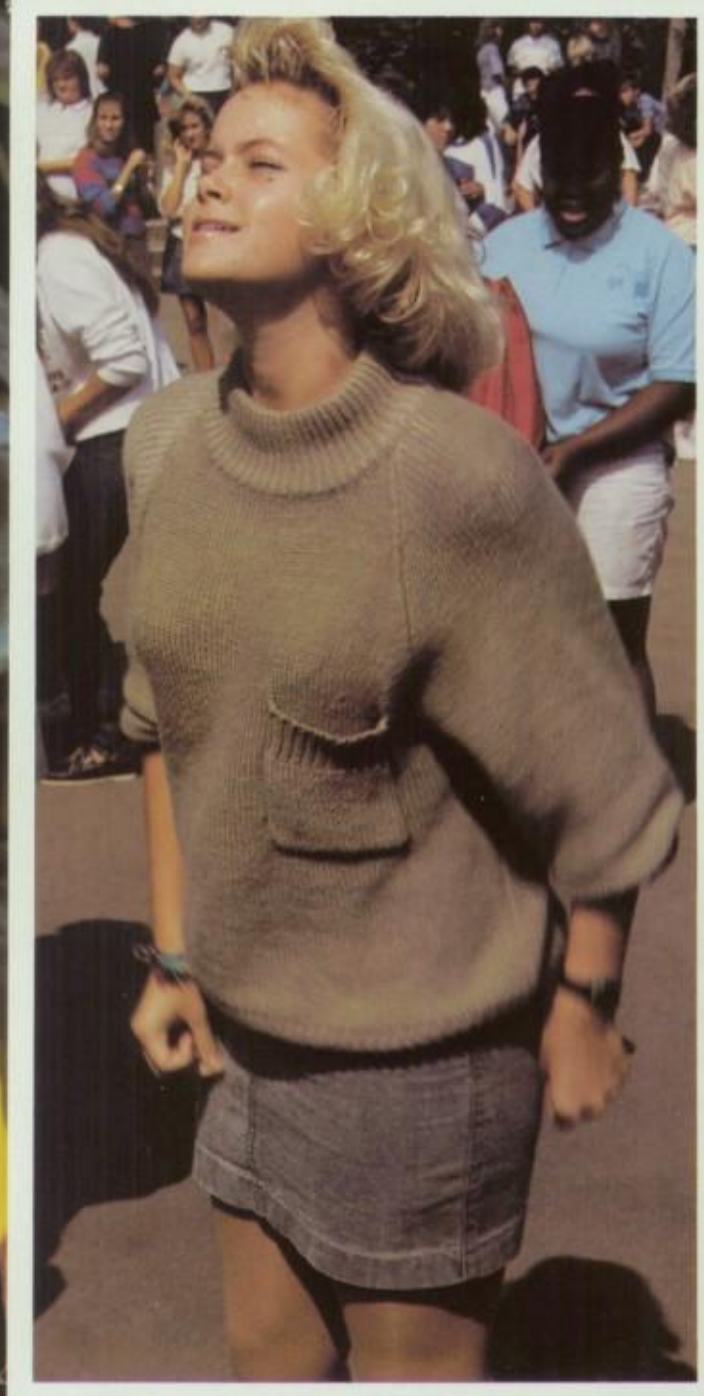


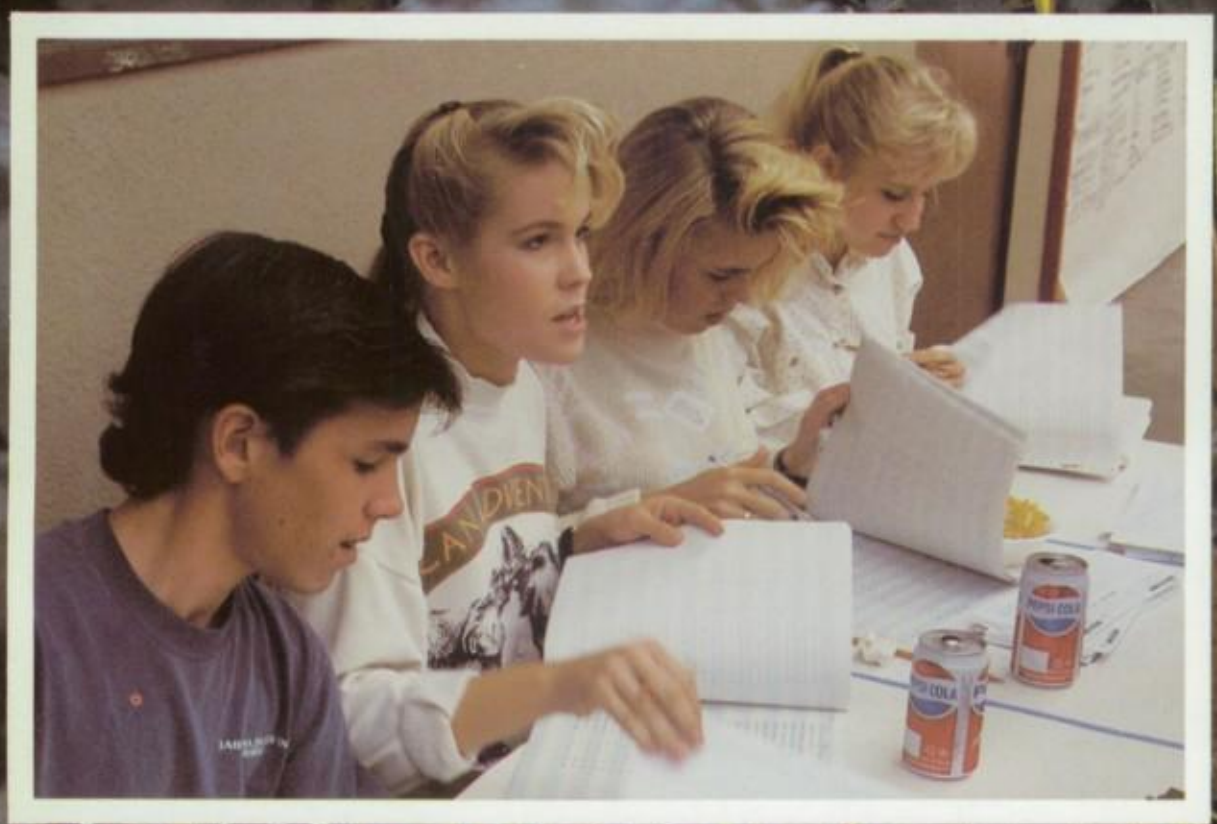


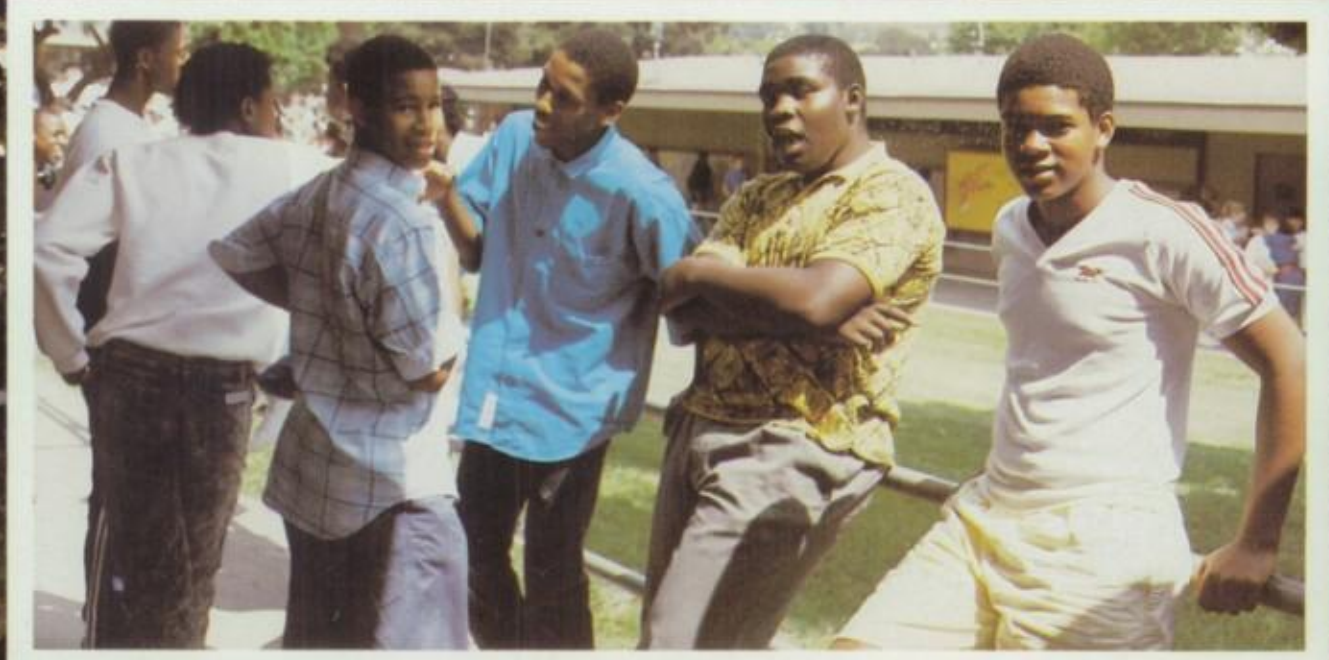


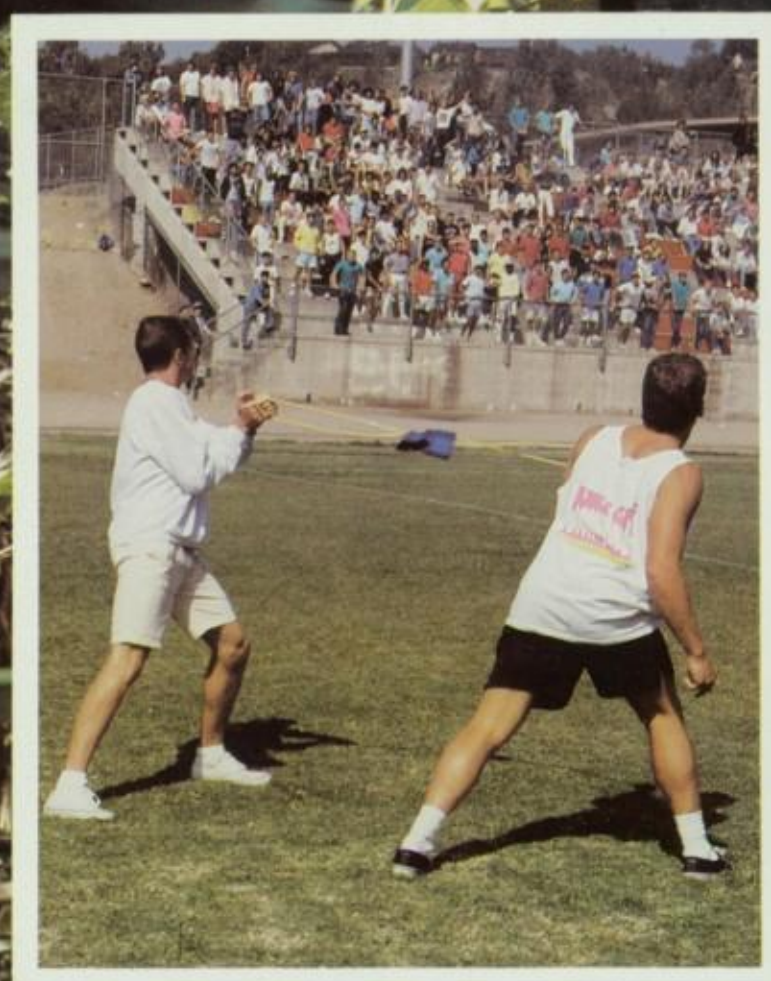
But I don't see no lion!

Got my shotgun, look in the cave...



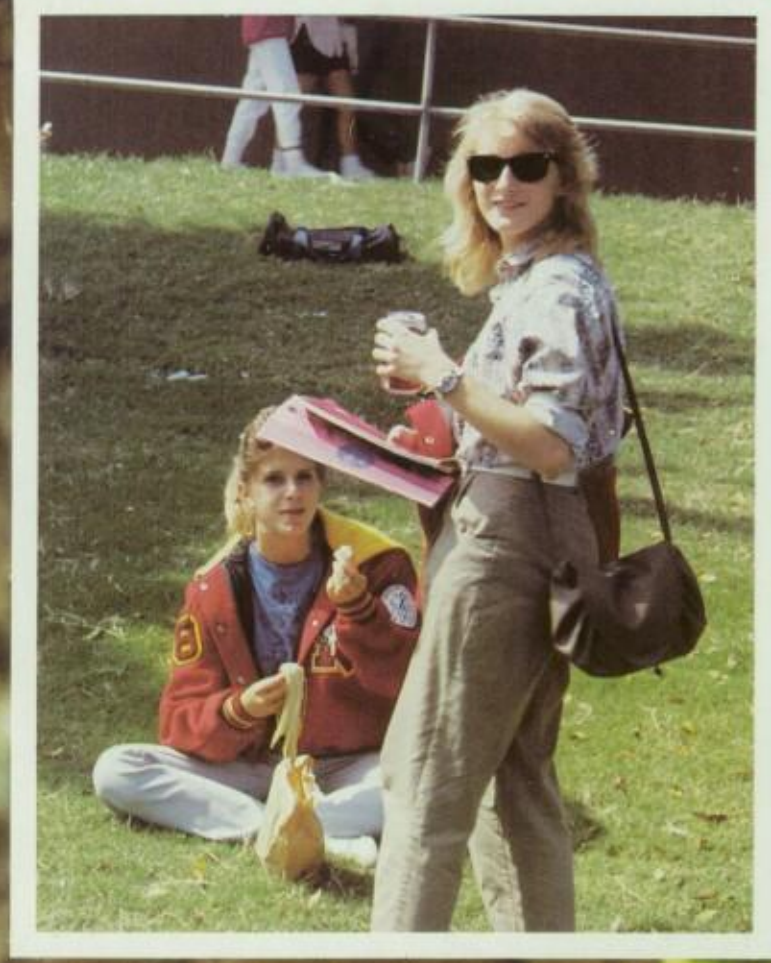


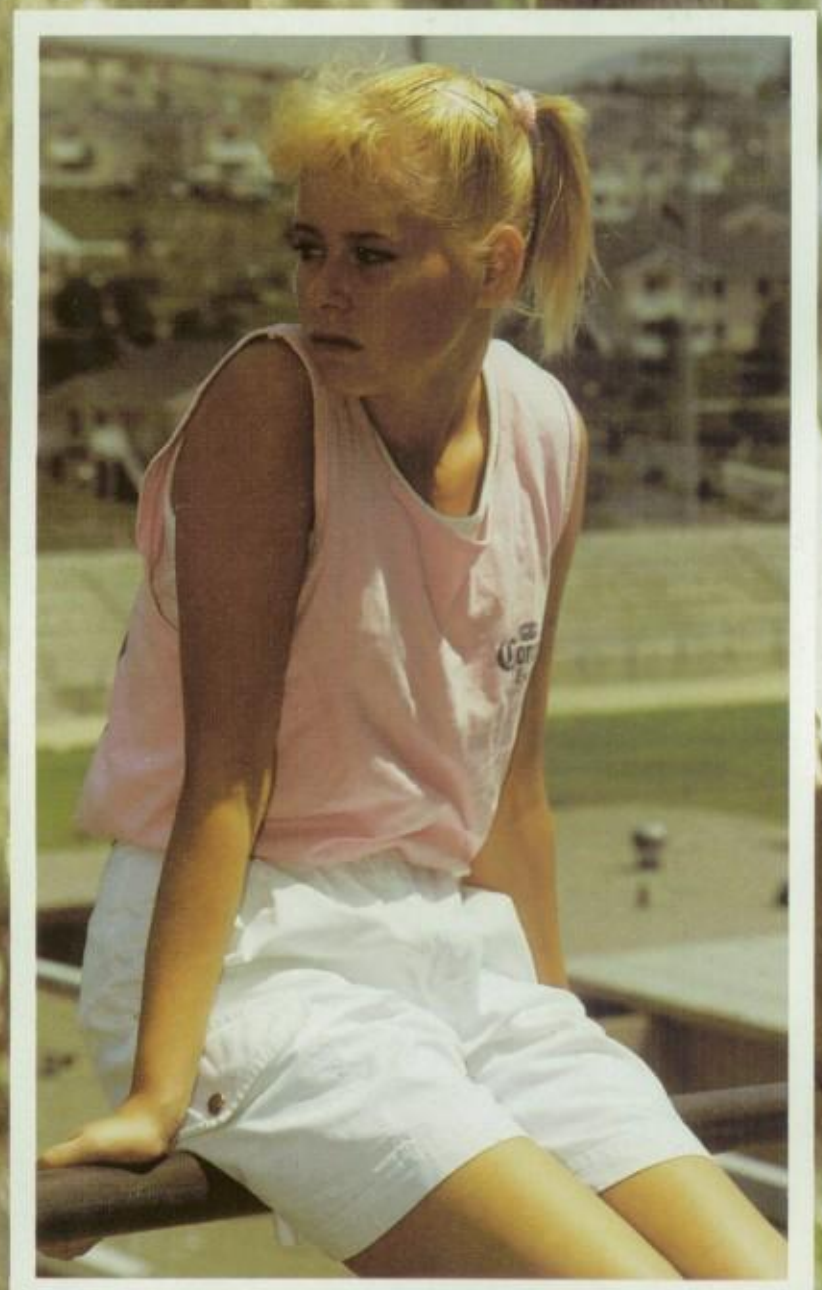




There's the lion!

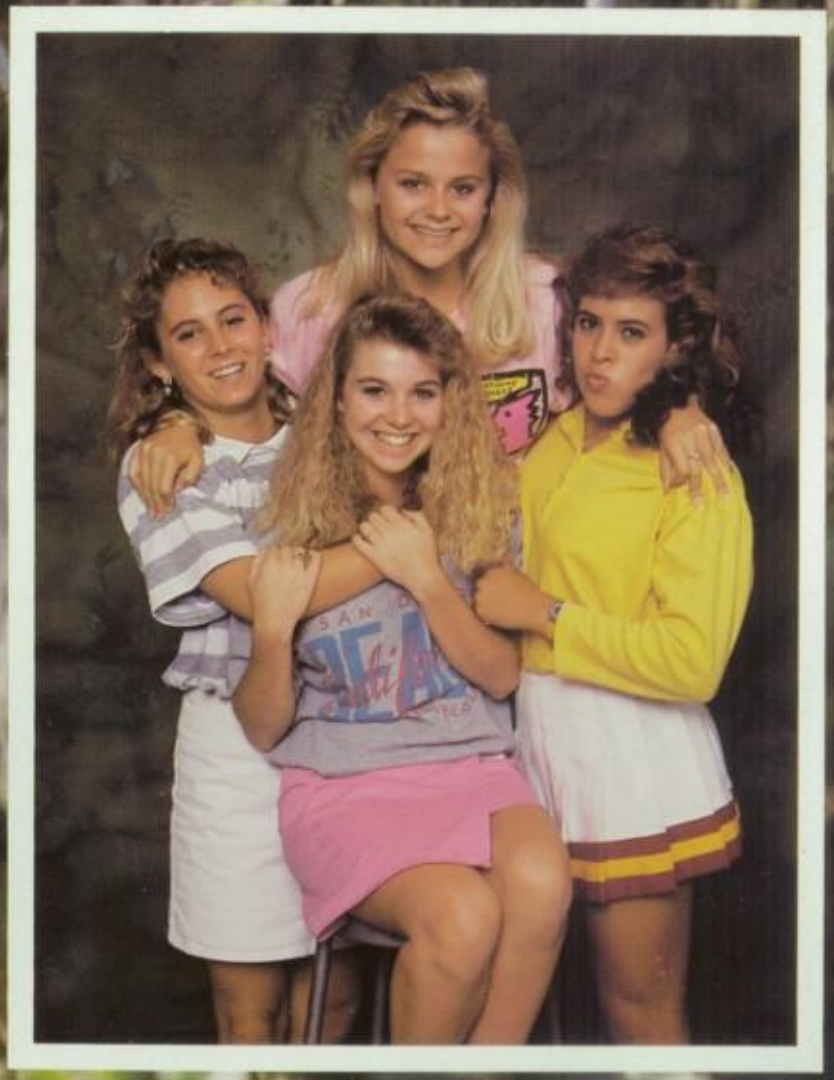
Shoot the lion...I missed him!

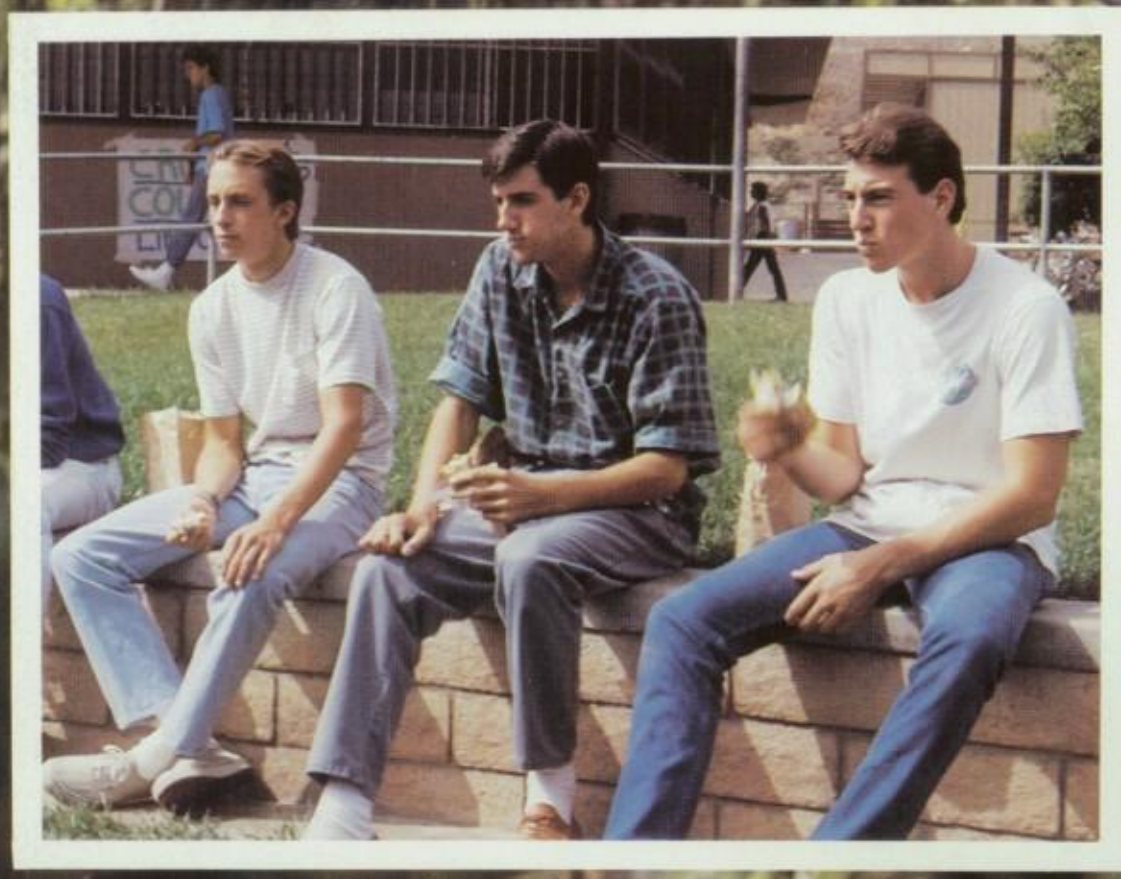




Back through the swamp, down the cliff...

Goin' on a lion hunt, I'm not afraid!





Wanna know why? I'm tellin' a lie!

The Yearbook Staff is one committed to excellence. Each member of the team is chosen by the Advisor, ***John Ferguson*** *and the Editor-in-Chief,* ***Krista Gitchoff****. The staff learns dedication and responsibility. It is a very stress-oriented job because they are working on a 50,000 dollar project that will be seen and remembered by the entire student body. In the end, it really pays off and the position on the yearbook staff is truly something to be treasured.*

This year's A.S.B. is one of the best groups of officers Monte Vista High has ever had. Students-at-Large play a big part in making A.S.B successful. They paint most of the publicity signs, and work under the direction of the Commissioners. The Pep Council runs the pep rallies, with the help of the Students-at-Large and Commissioners. **Ferg,** *the A.S.B. advisor, helps A.S.B. promote it's Monarch Pride through his leadership. Together, all of A.S.B. unite the student body with unique activities, original ideas, and spectacular events. Because of this groups efforts, the 87-88 school year will be one that will be remembered by all of us forever.*

The Monte Vista Dance Company is not just another P.E. class. Students who participate in this class must audition for the company. The members of the company, and their dedicated advisor, ***Mrs. Joy Phelps****, work throughout the year to choreograph dances. These sophomores, juniors, and seniors get a chance to perform during the school year. The annual Spring Concert is held at the East County Performing Arts Center. The dance show gives friends and family a chance to see the dances the students have worked on all year.*

***The Marching** Band performs before a football game.*

***The Monarch** Marching Band entertains an enthusiastic crowd during halftime.*

The Marching Band here at Monte Vista is one of many accomplishments and achievements. Not only have they provided entertainment at Monarch games, but they have also won several prestigious awards. In the El Camino Field Tournament, the Marching Band and the new Dance Team placed first, the Flag Team placed third, and the Percussion Group placed first in their division. At the Baldwin Park Tournament, the band took second place, the Dance Team took first place, and the Flag Team took fourth place. Our Monarch Band has also competed in the Casa de Oro Parade, the Mission Viejo Field Tournament at Disneyland, the San Diegito Tournament, the Band Jamboree at Southwestern College, the Norwalk Field Tournament, the Mother Goose Parade, and the Monte Vista Field Tournament.

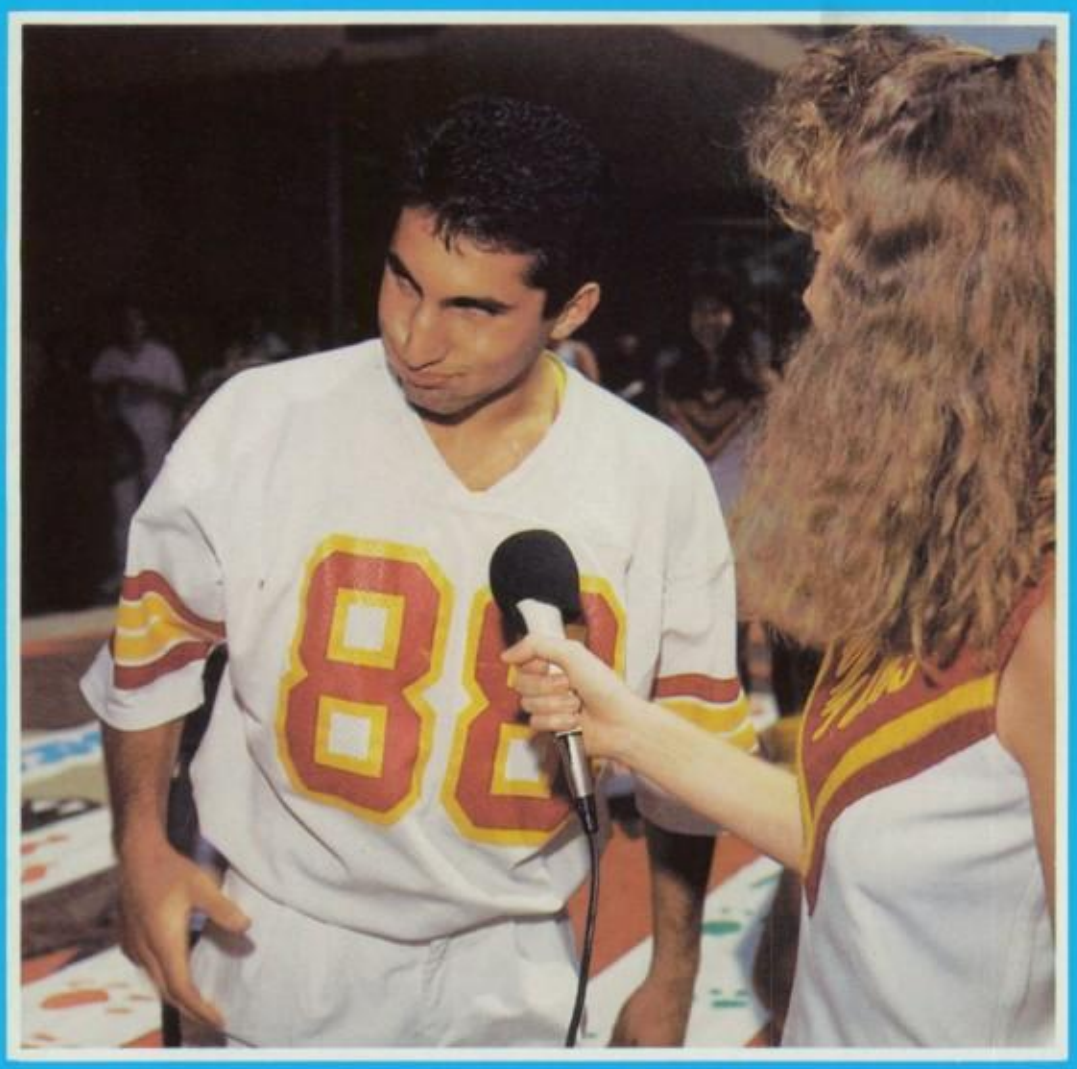
EDWARD CHAVOYA

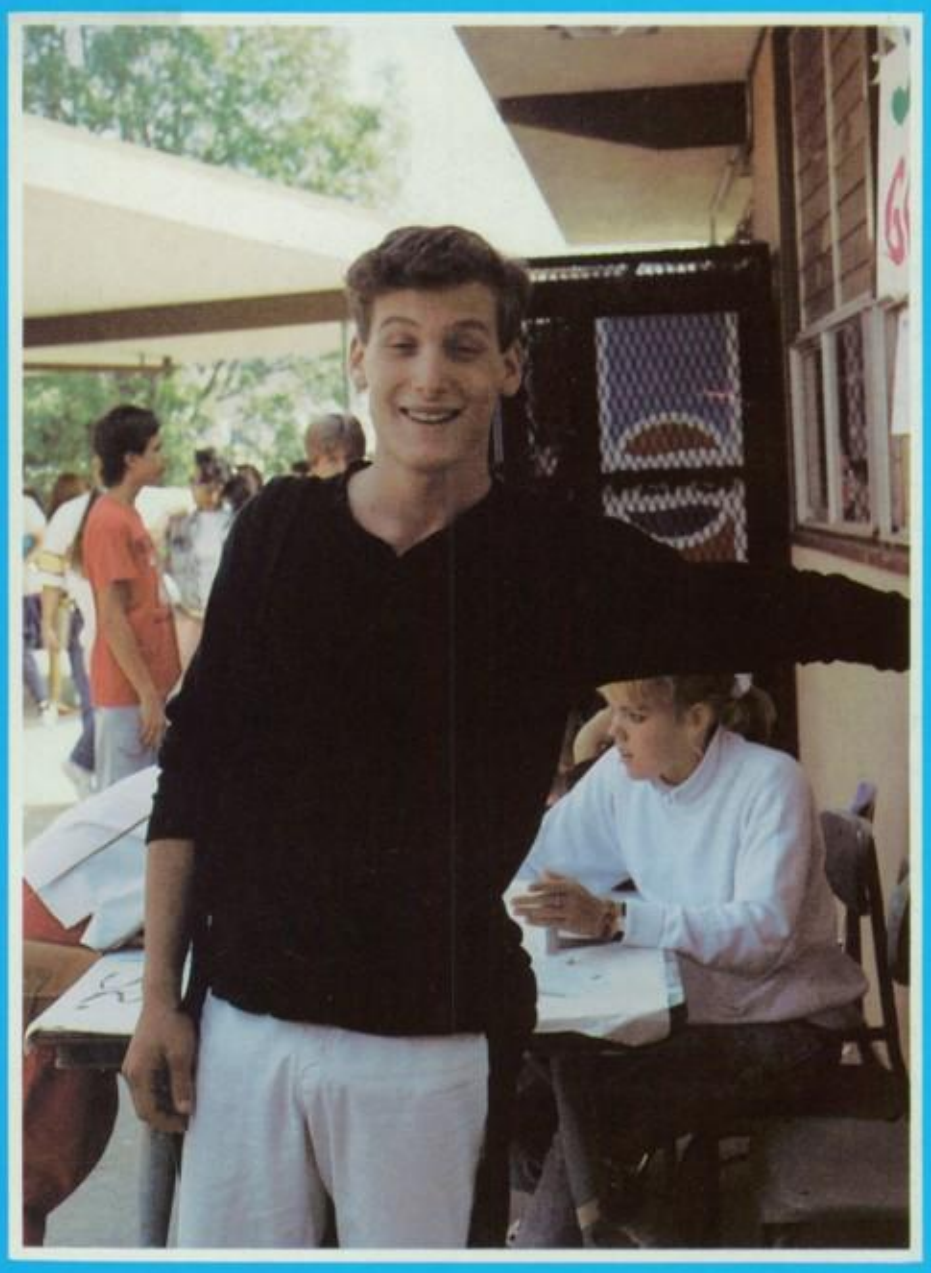
In Memory of: *LARRY OWEN EASLEY,*

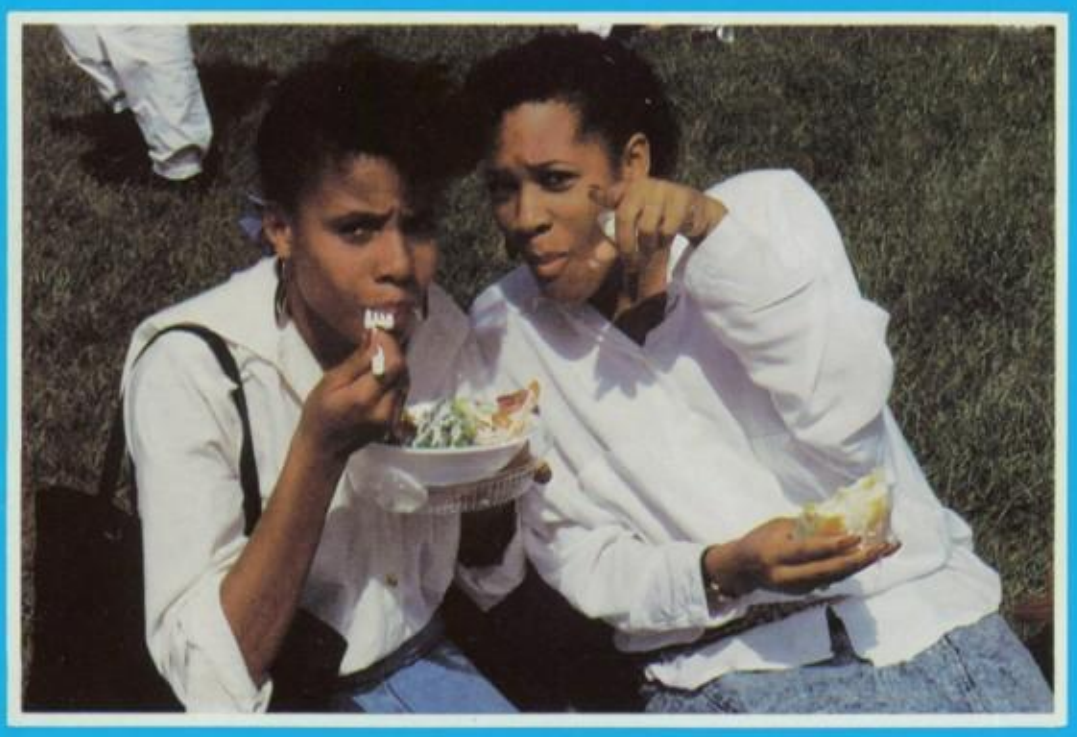
who passed away in September of 1986. The Class of 1988 will miss him very much.

My friend and yours
Had a nice smile
That stood out for a mile
He was over six feet
And totally complete
He was very skinny
But loved by many
He was very smart
Even took computers apart
He never forgot how
But he is gone now
All can be shown are tears
That give faith to his close peers
It's good bye Larry
Who's love we'll carry
We can now pray
He had a good stay.

by Norman S. Finney



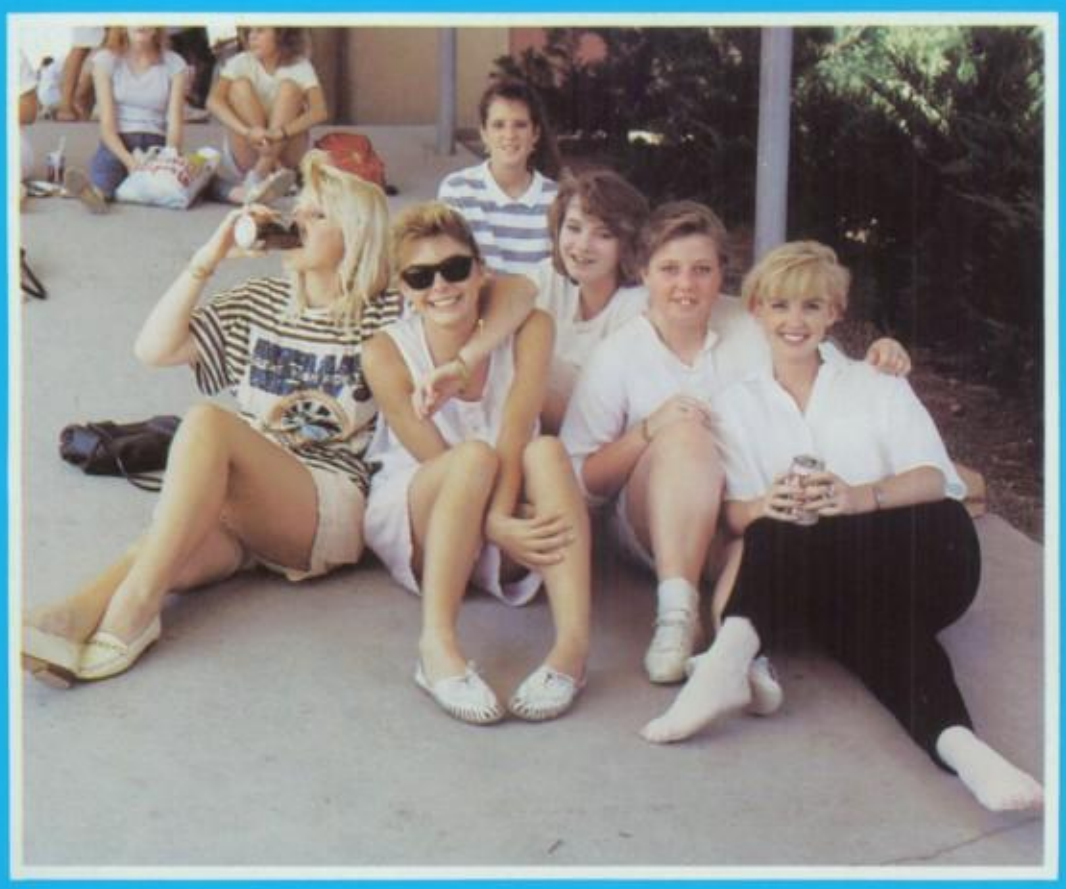


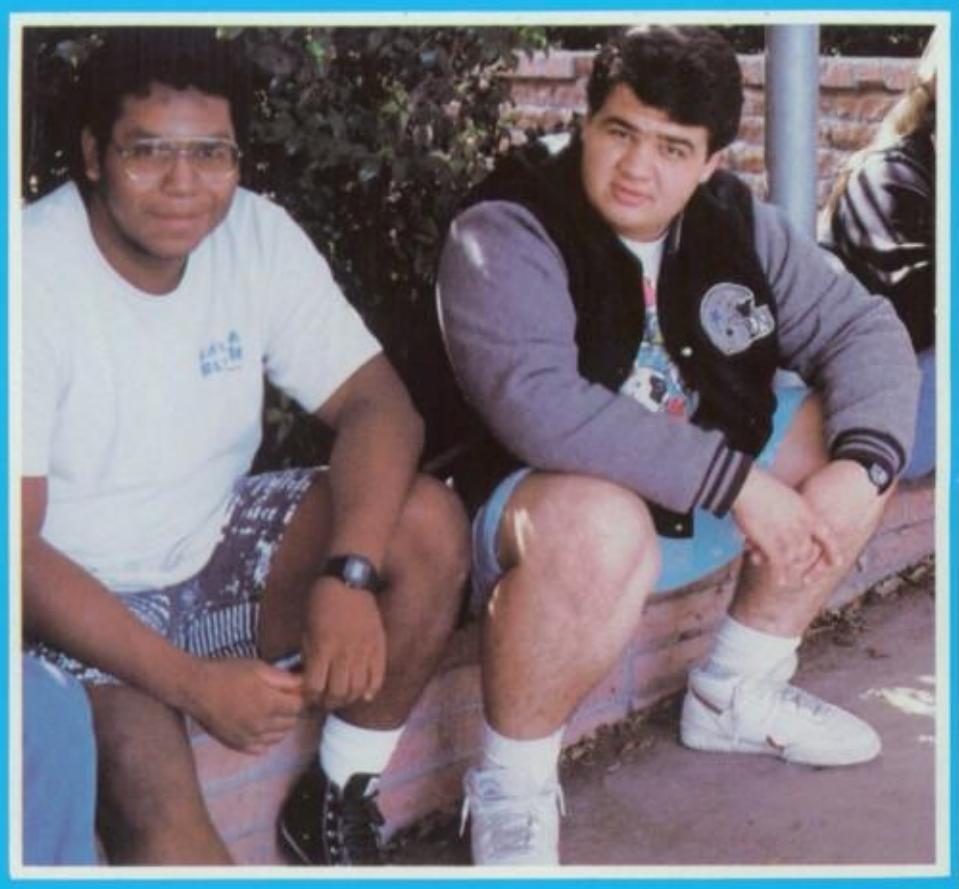


'Good Luck to the class of 1988 in whatever you do. See you all in ten years!'

Alex Rohrke

Senior Class Preesident

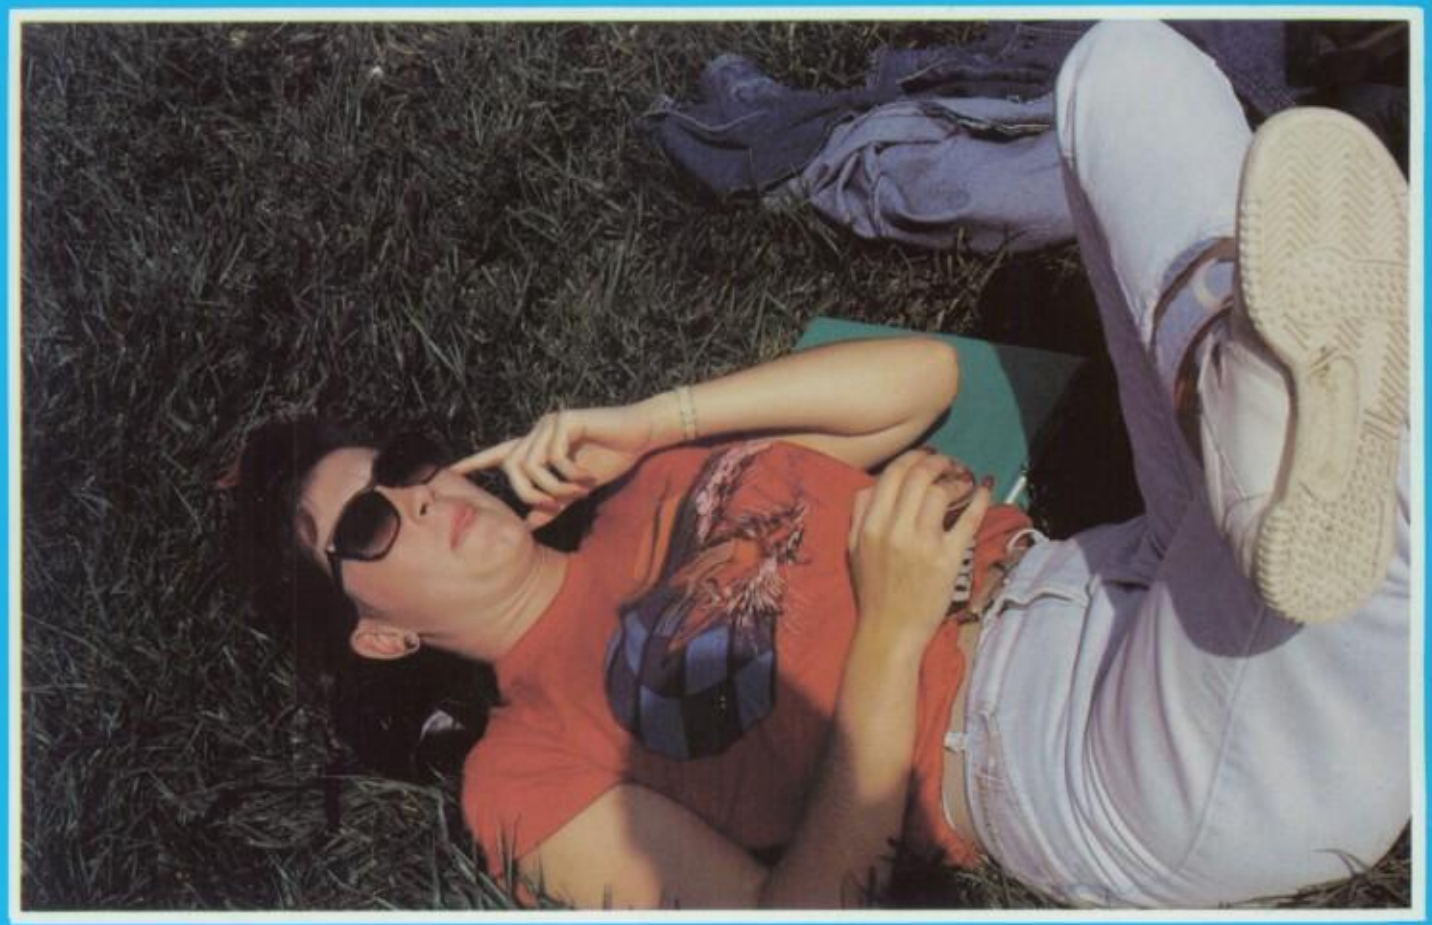


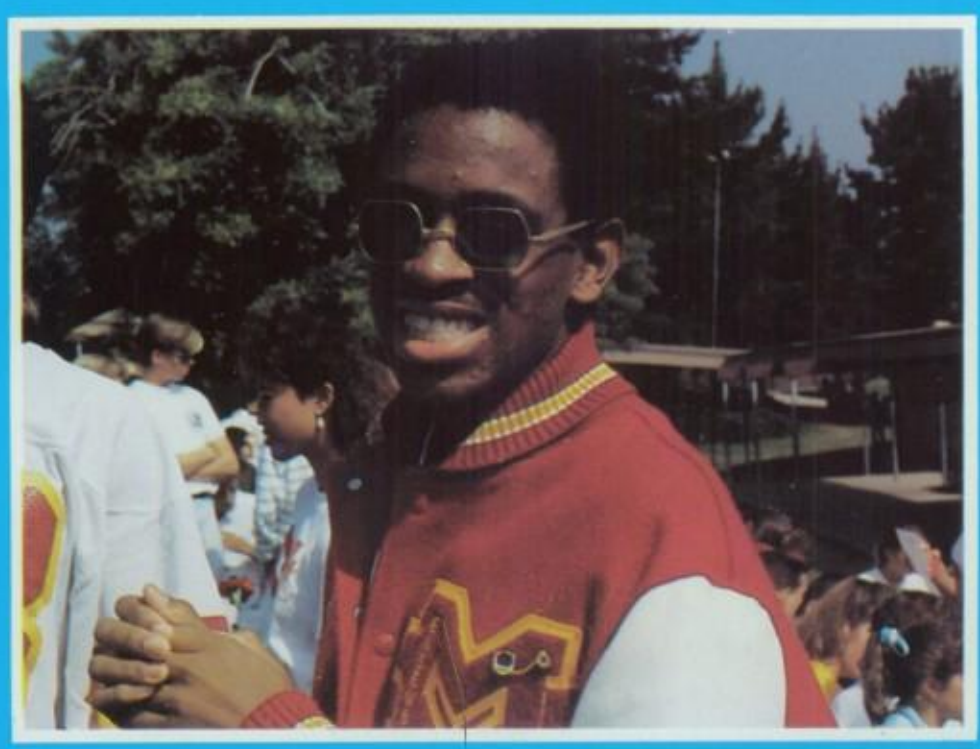


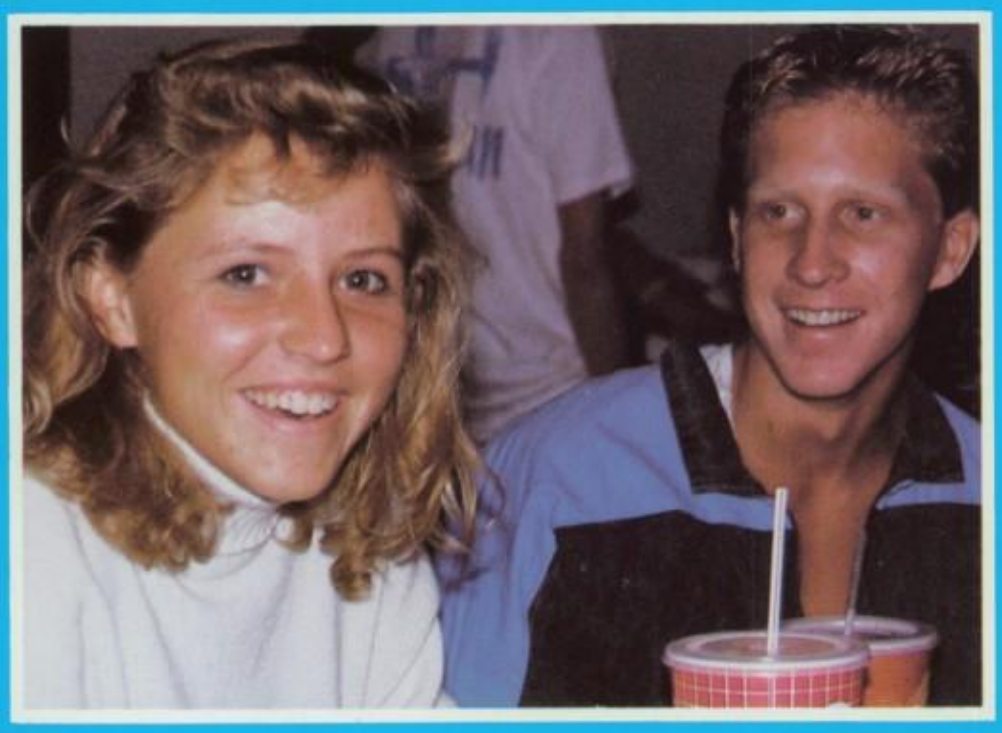
'Thanx to you, the class of 1988, we have reached our goals! Without the help and support of many of you, this last year would not have been as special! An extra special thanks to our advisors, Mr. Fey and Mr. Carlson.'

Manda Van Pelt

Senior Class Vice President

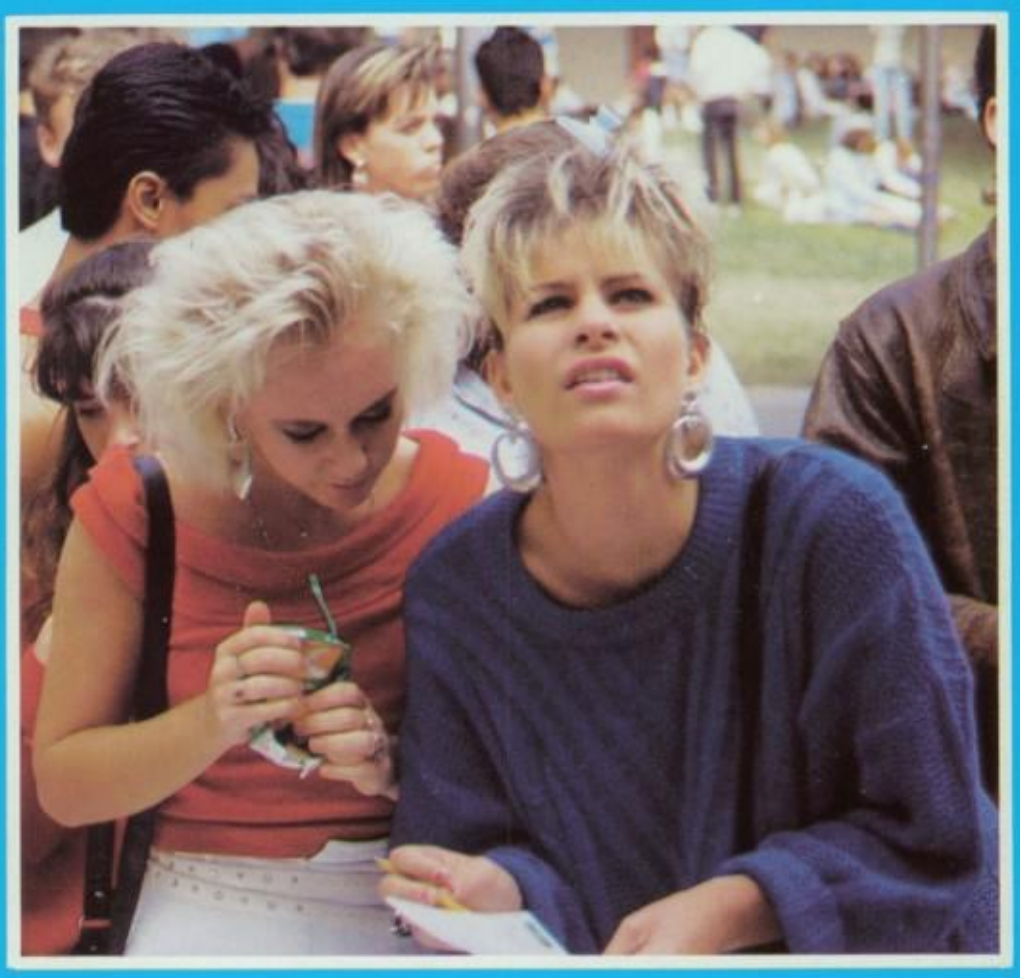


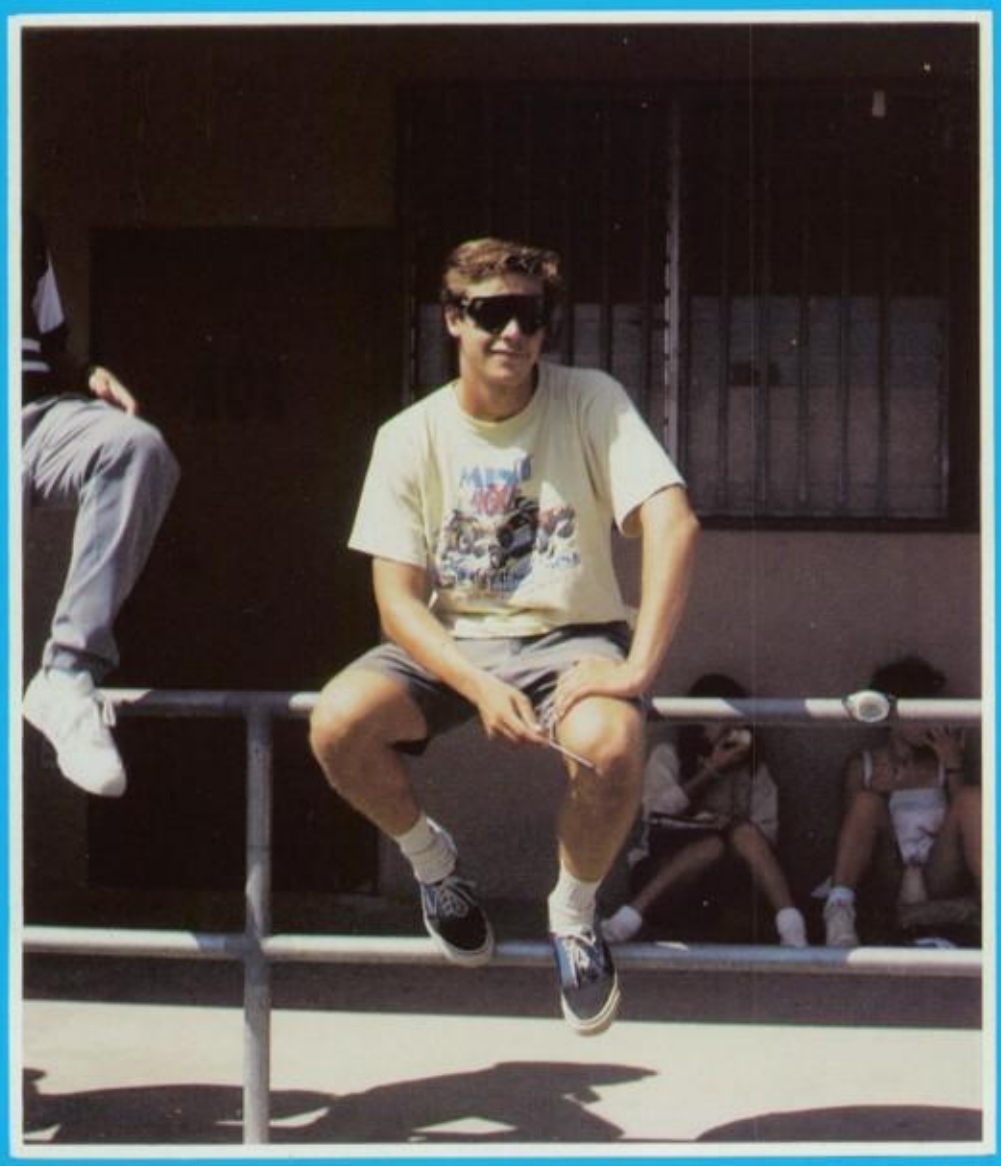


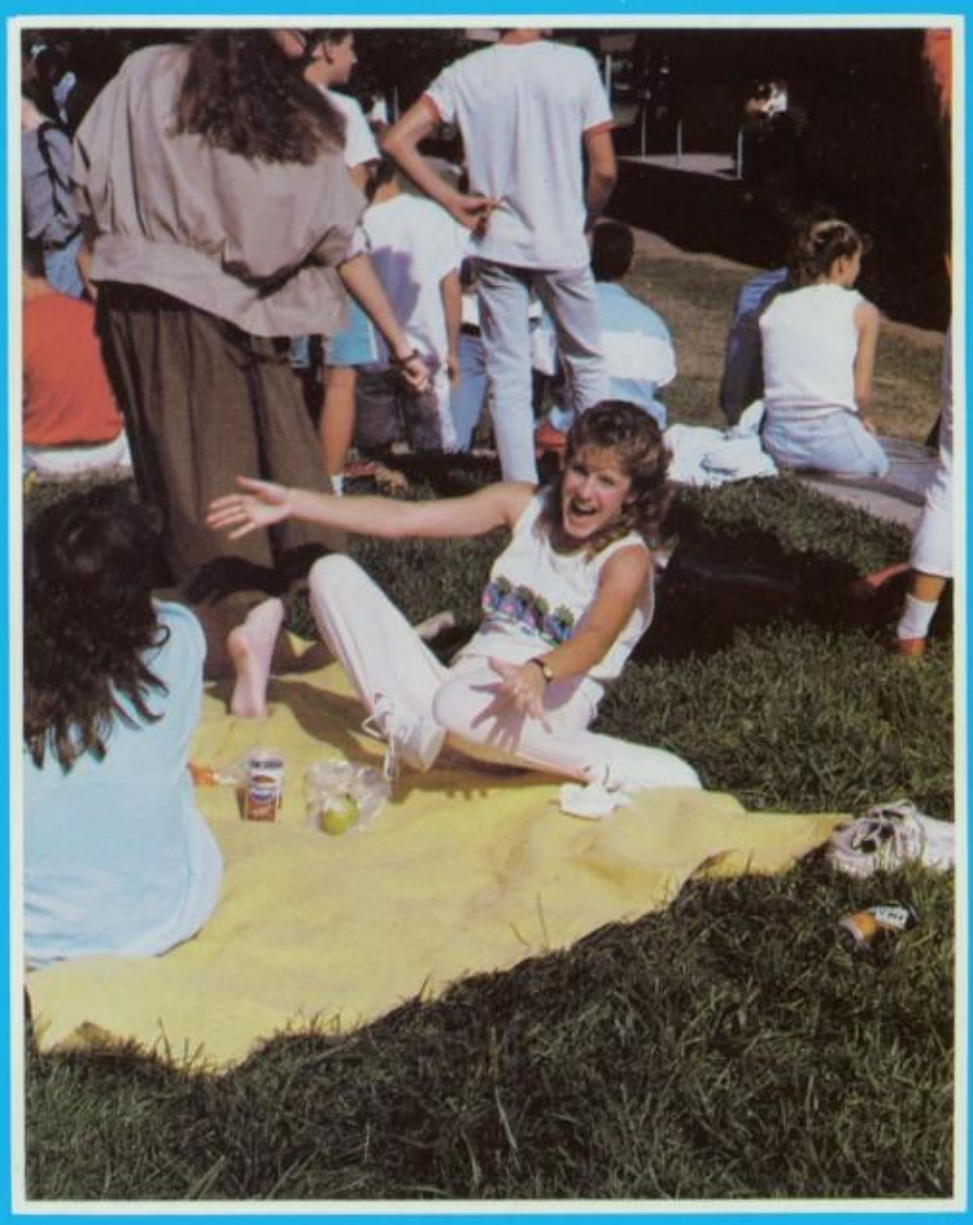


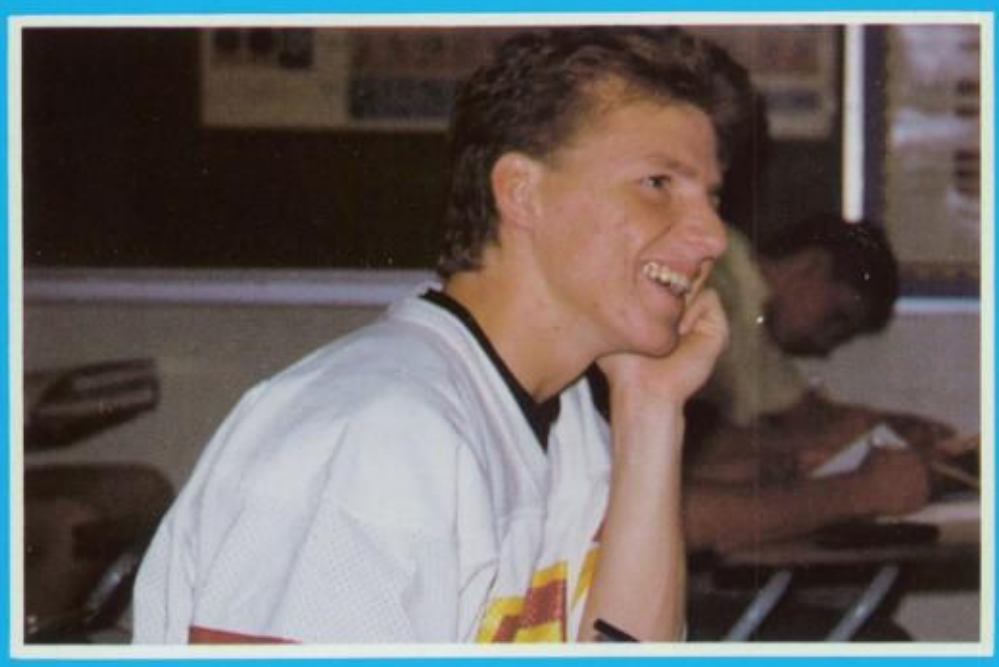
"Having pride in the Class of '88 has been a major factor in bringing about the unity and spirit of our class. It has been shown through the involvement in school and class activities. I hope the memories of the Class of '88 will hold special meaning in each person's heart."

Jill Valderhaug
Senior Class Secretary





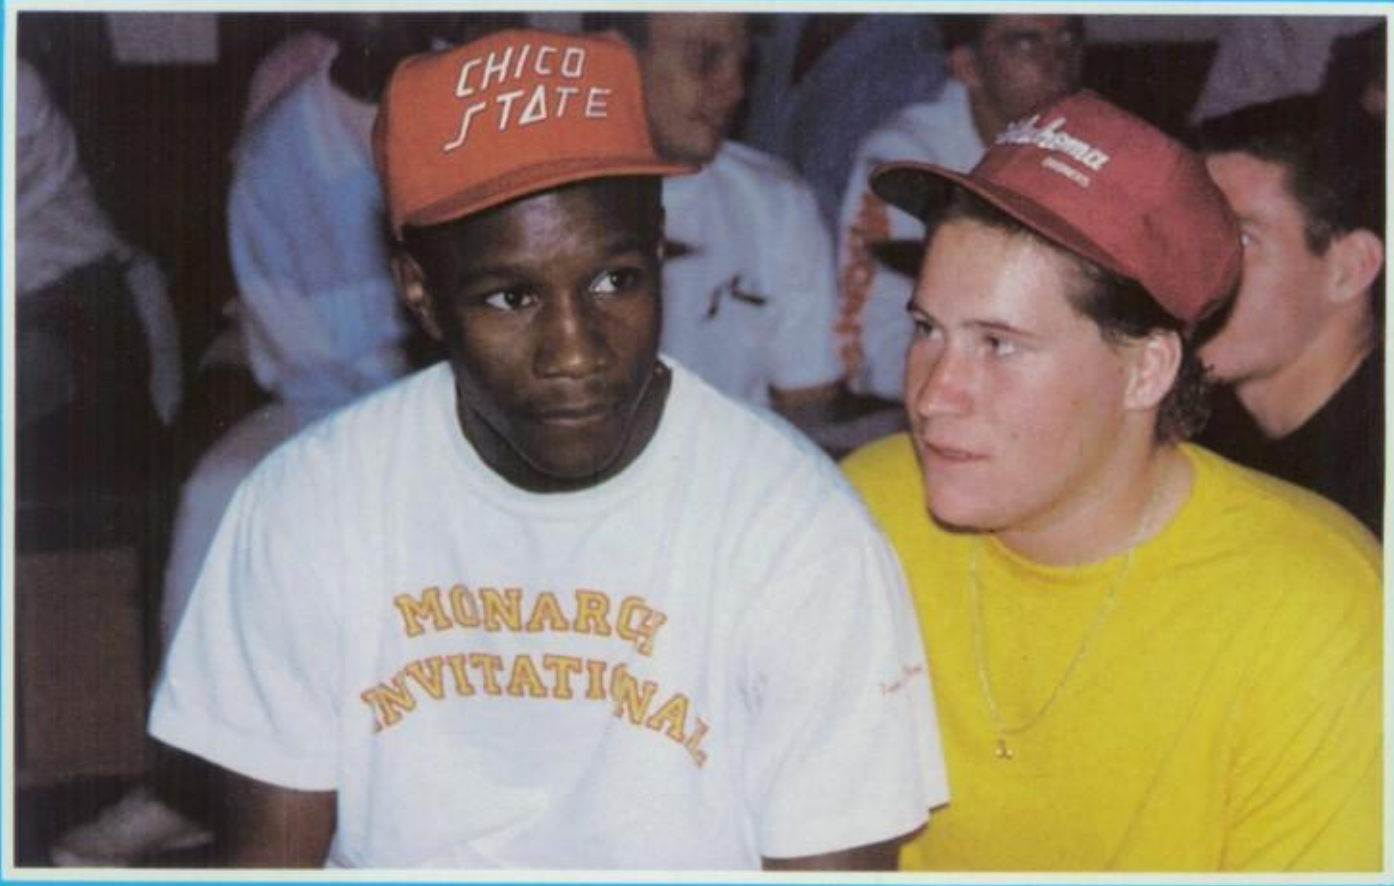


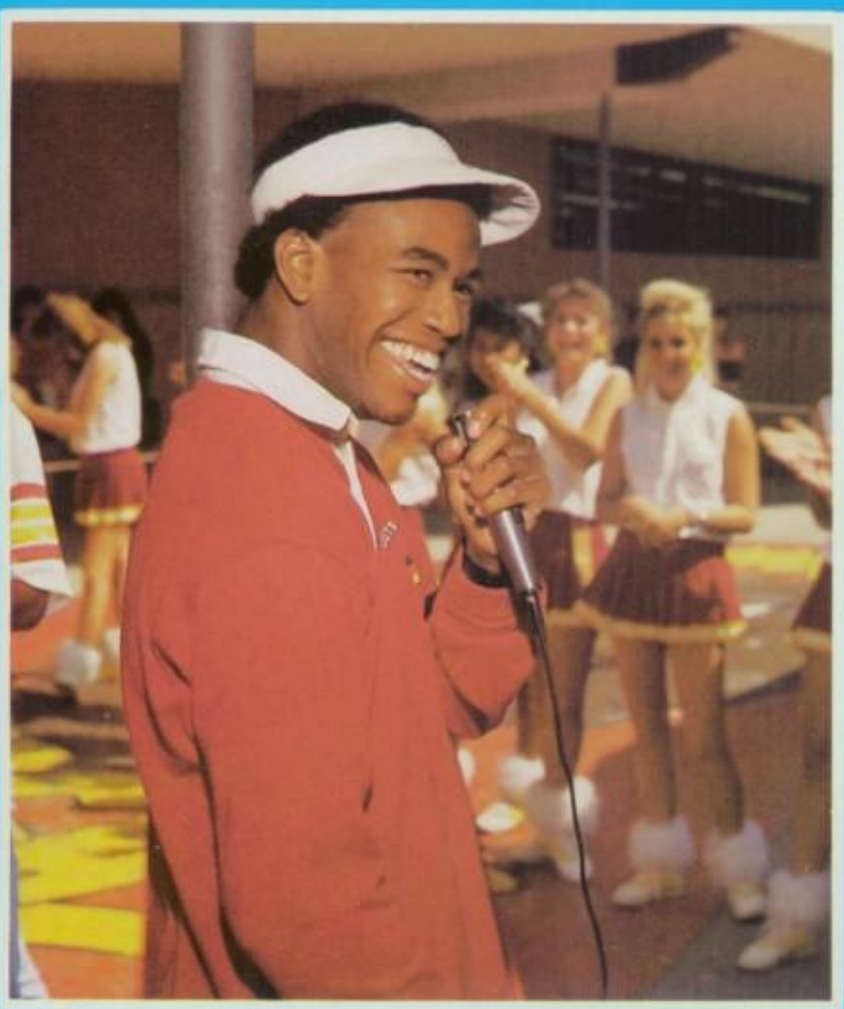


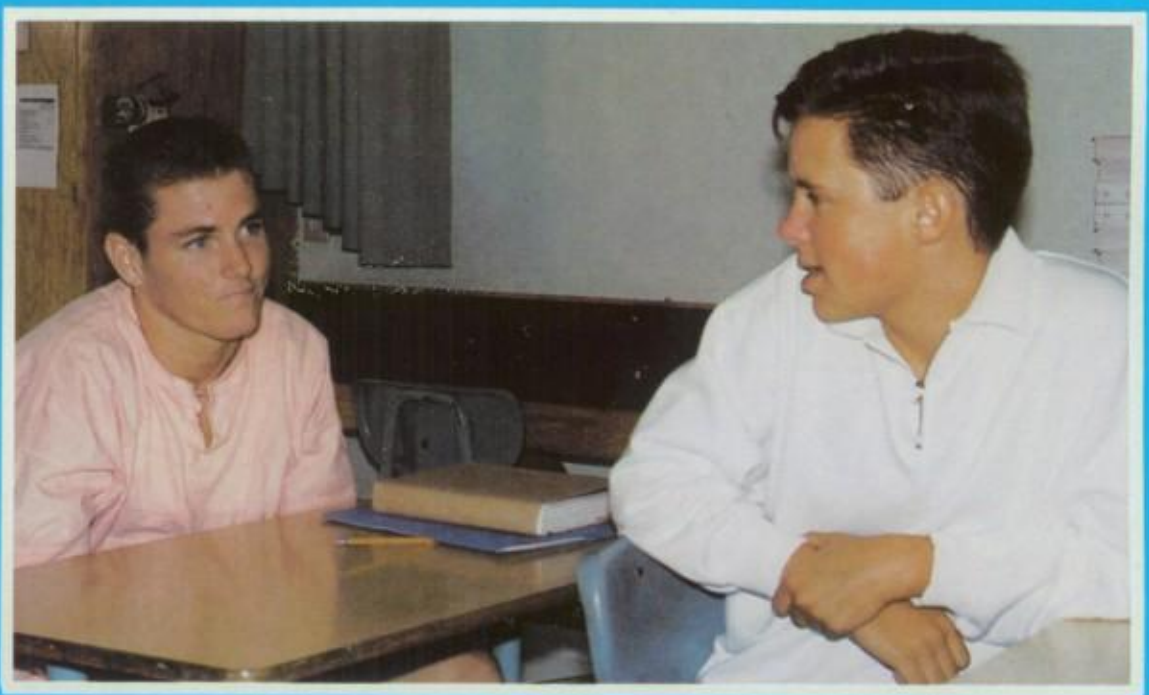
'Being Treasurer for the class of '88 has been both an honor and a pleasure. The times that all of us have shared raising money and working on other events have made my senior year a memorable one and I hope it has for you too. The prom has shown us how hard we have worked to make the class of 1988 a success. Goodbye to all my friends at Monte Vista and Goodluck to the Class of 1988.'

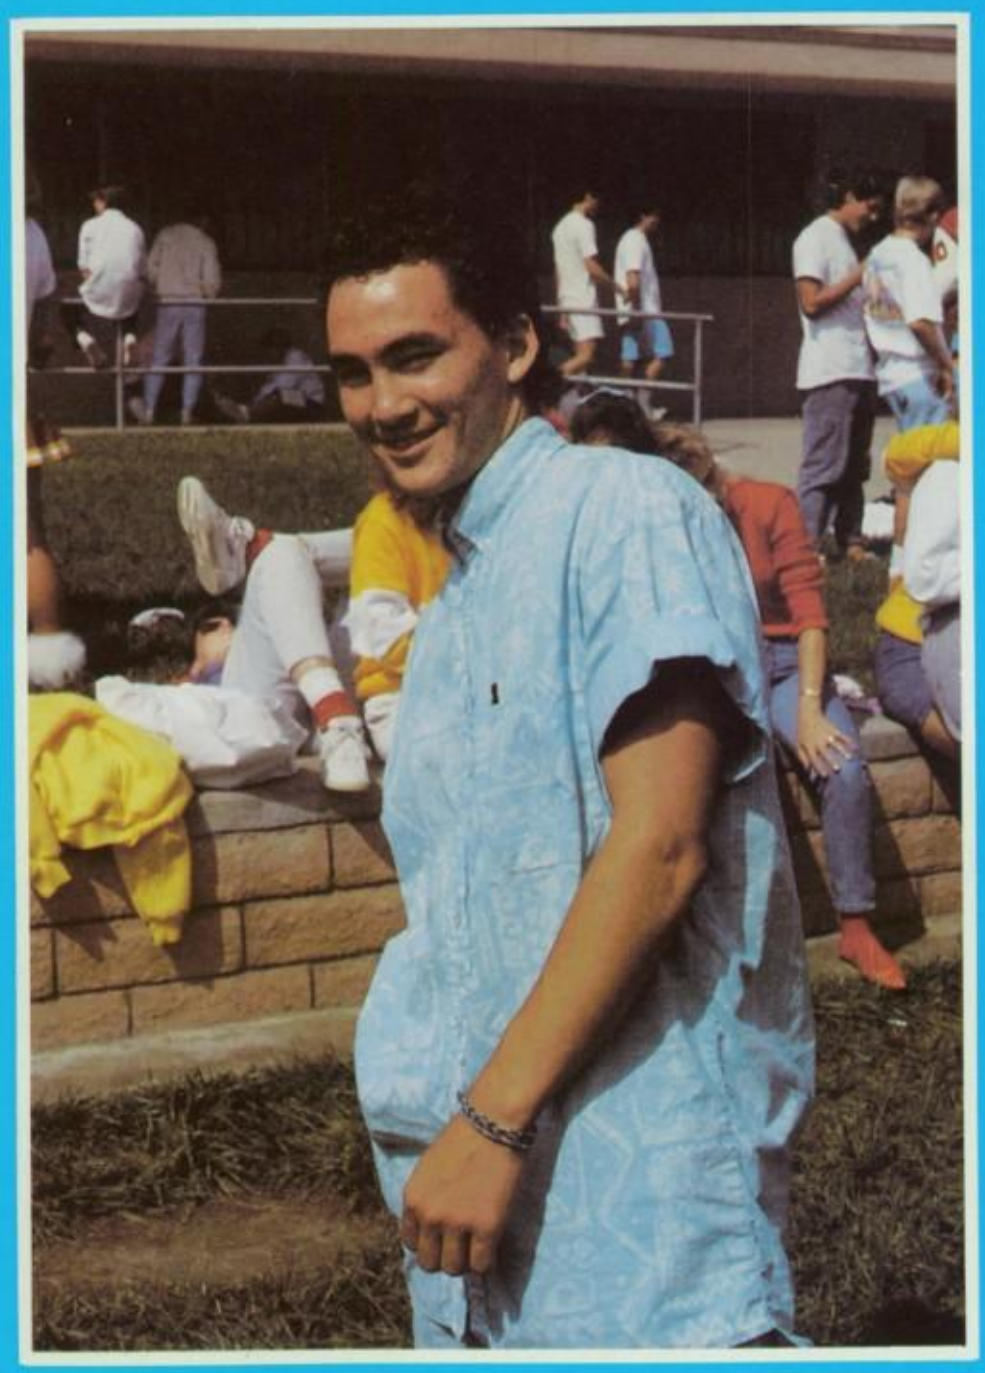
Melissa Smith

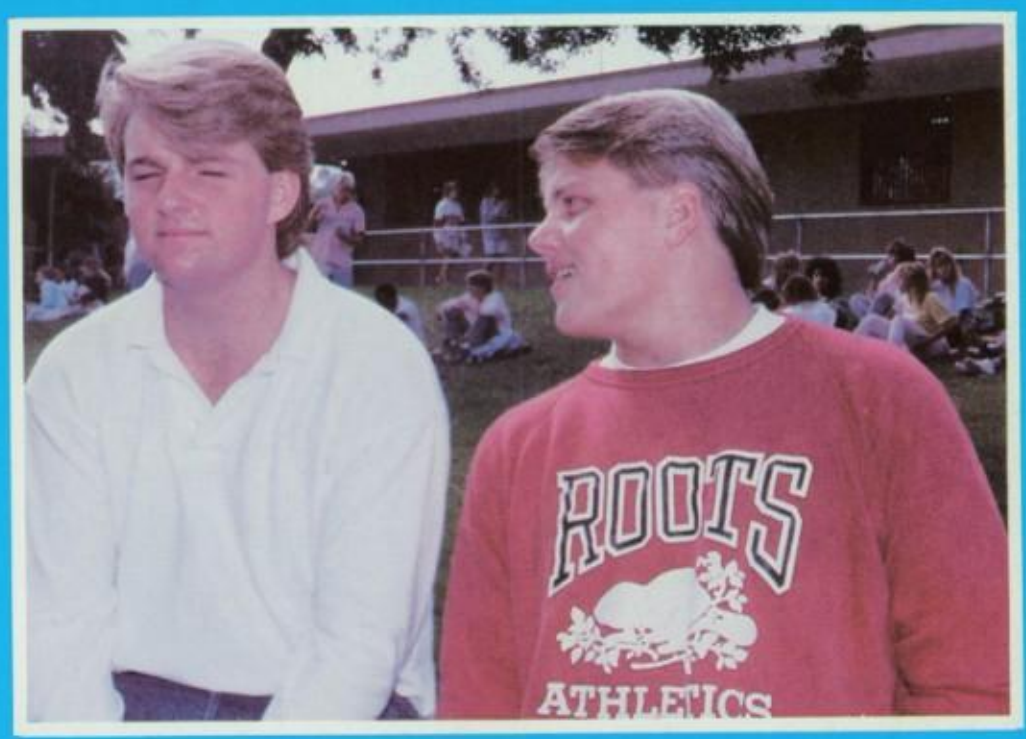
Senior Class Treasurer

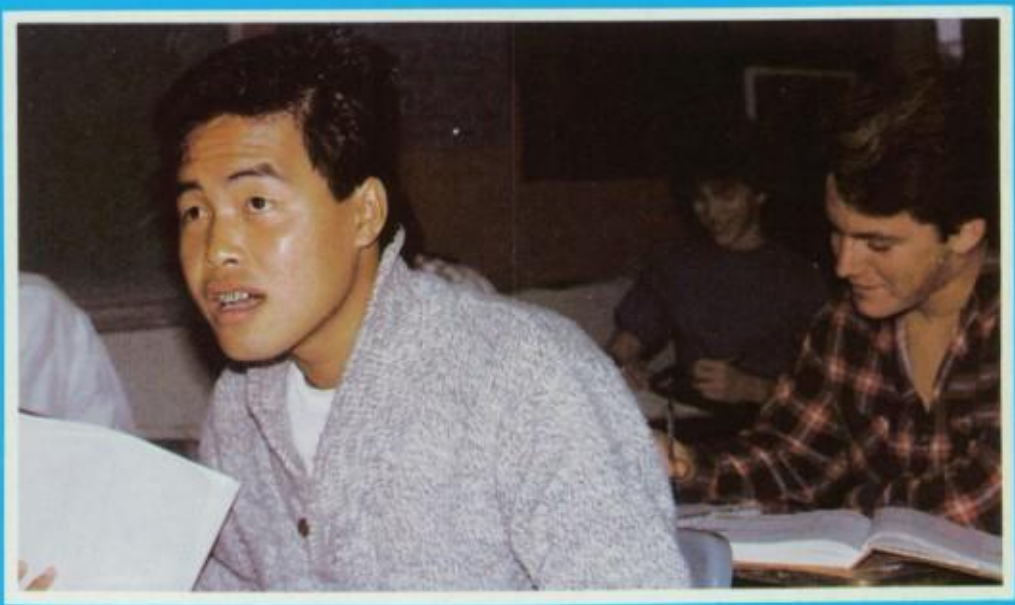


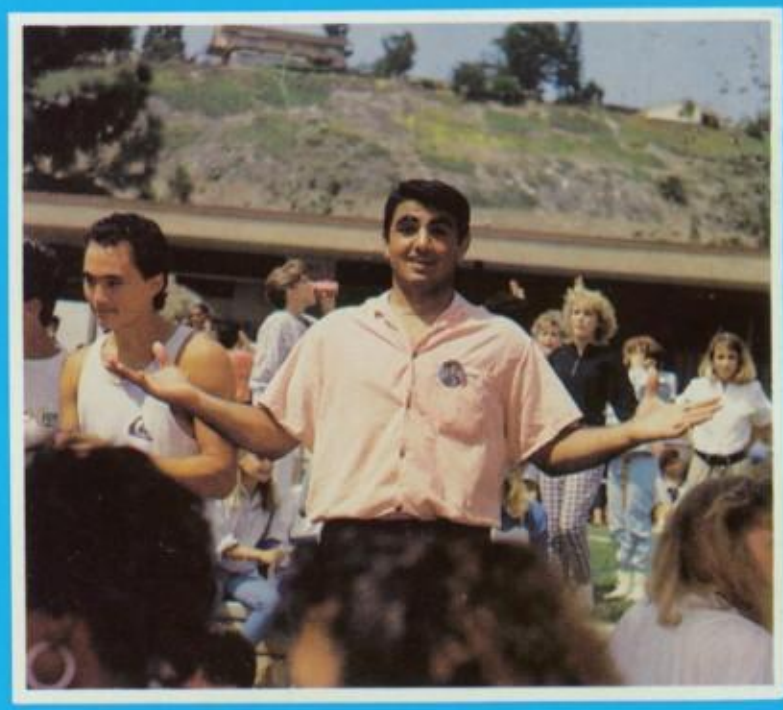












"The year of '87-'88 has provided us all with special memories that will last a lifetime. To all of you, remember the past, make the most of the present, and the best of luck to you in your futures."

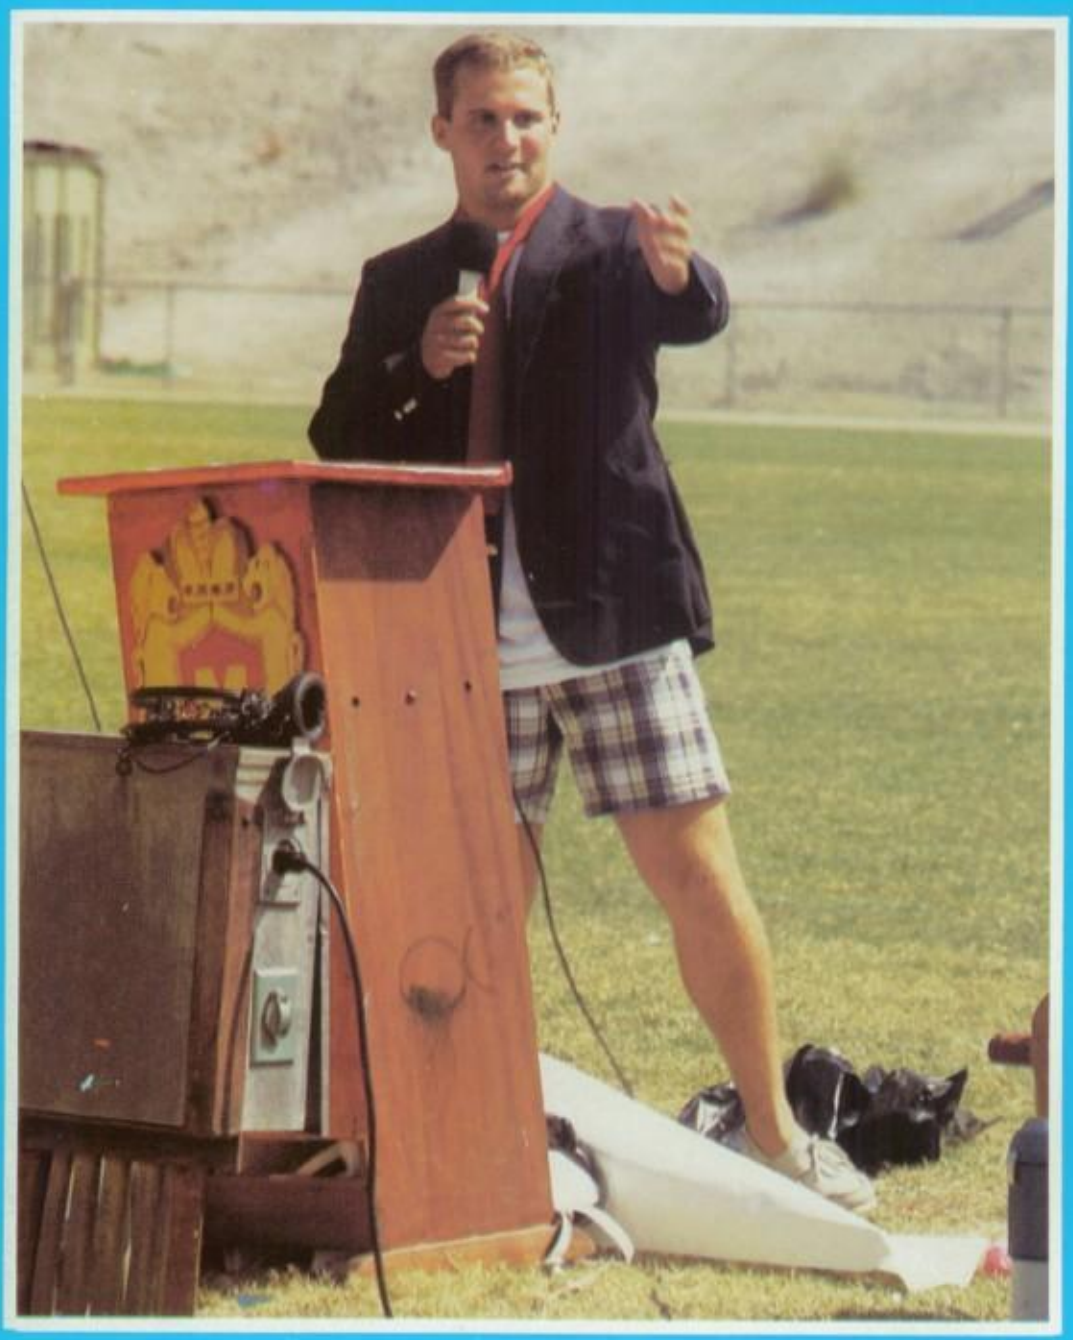
Tamara Holcomb

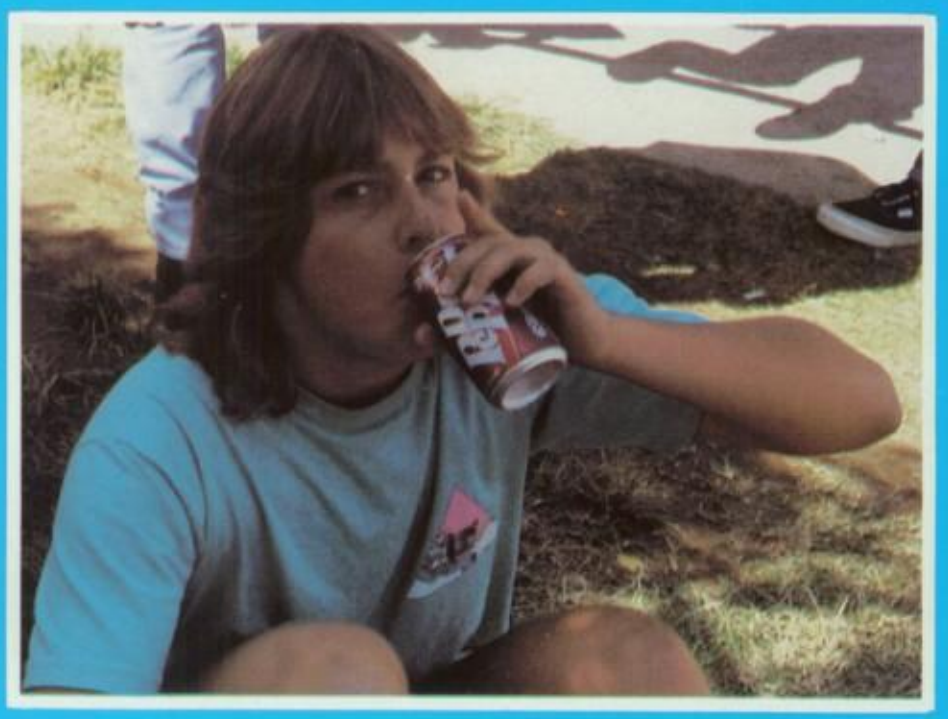
Senior Class Publicity Director

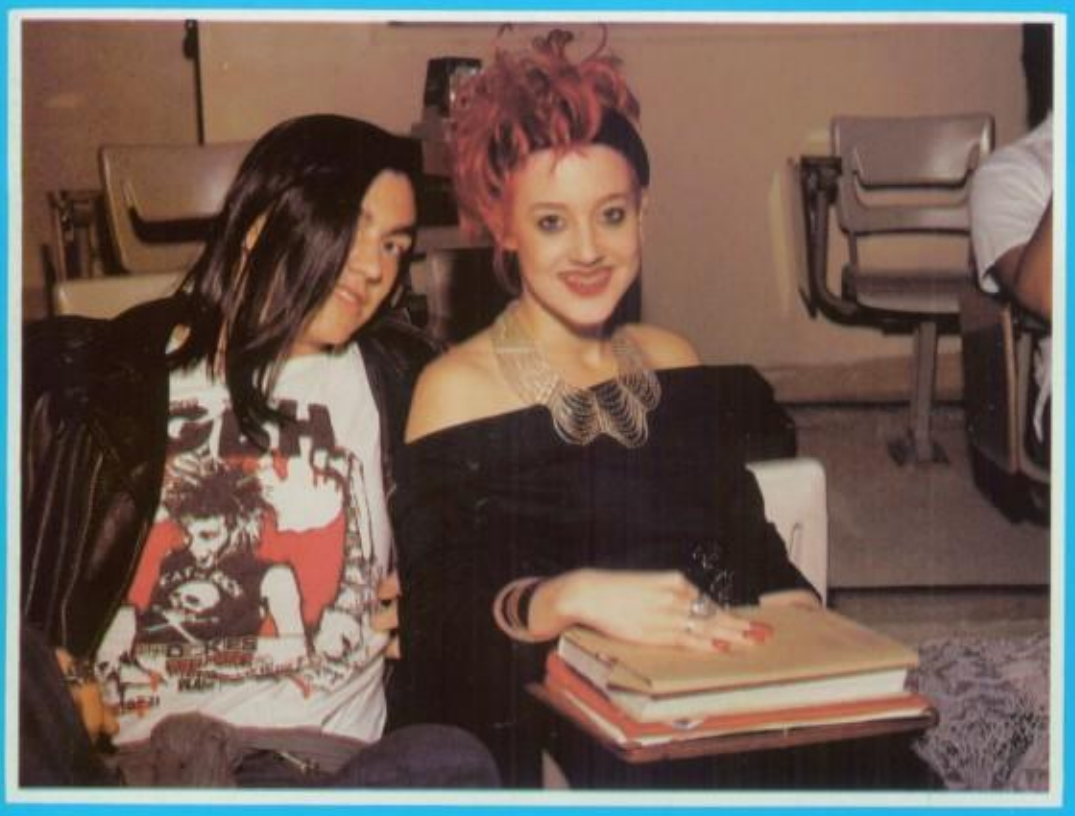
"Spirit is the basic element needed to build a strong class. With unity and ongoing spirit, the class of 1988 has achieved where other classes have failed. Continuing with success, we shall all go far in our futures!!! See ya in '98! "

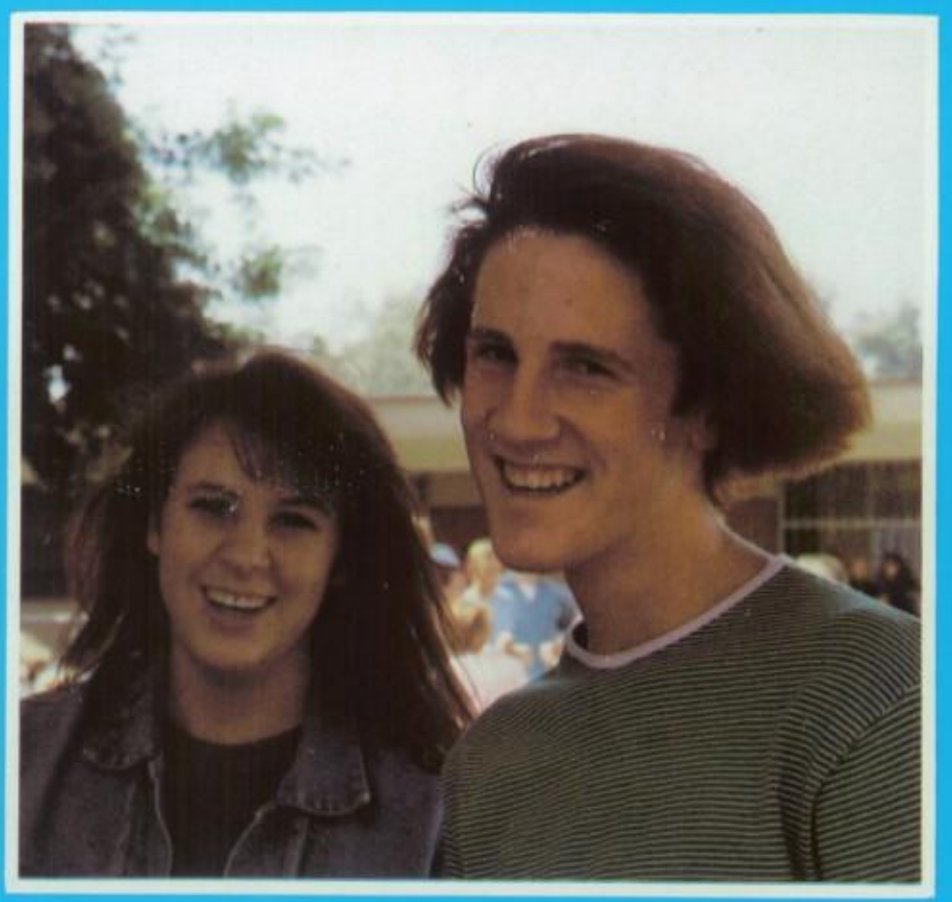
Debbie Kemmerer

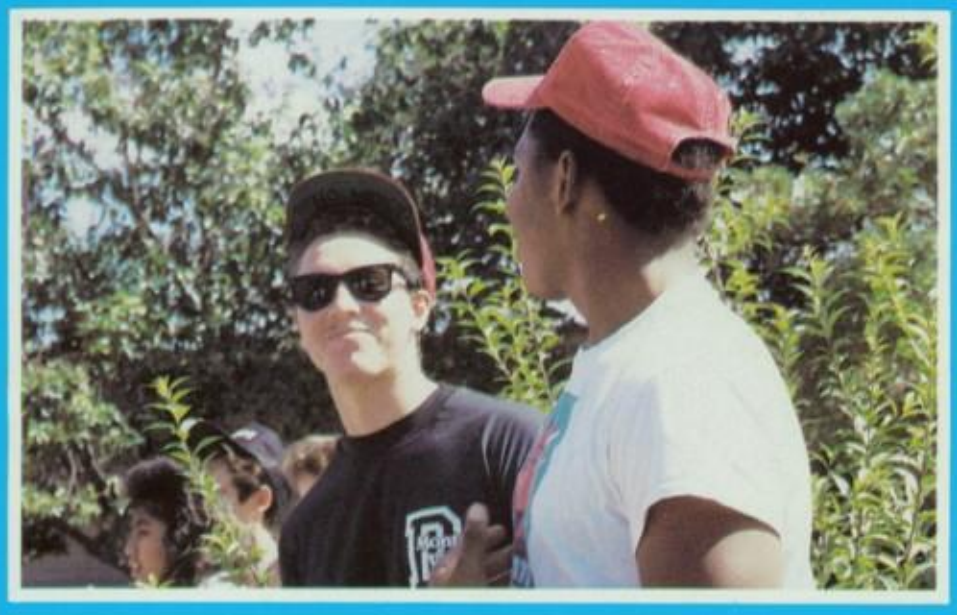
Senior Class Pep Representative

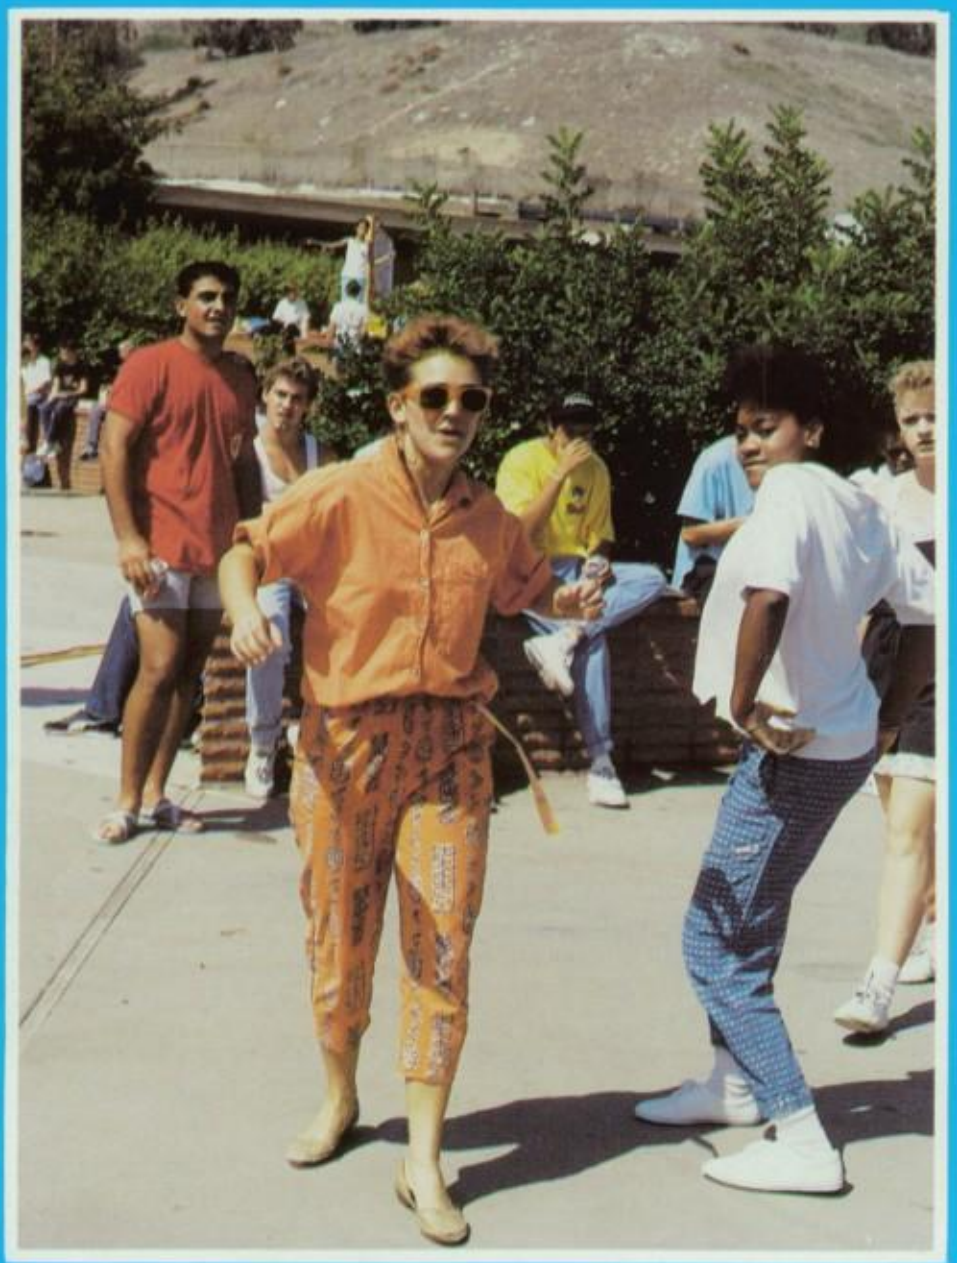






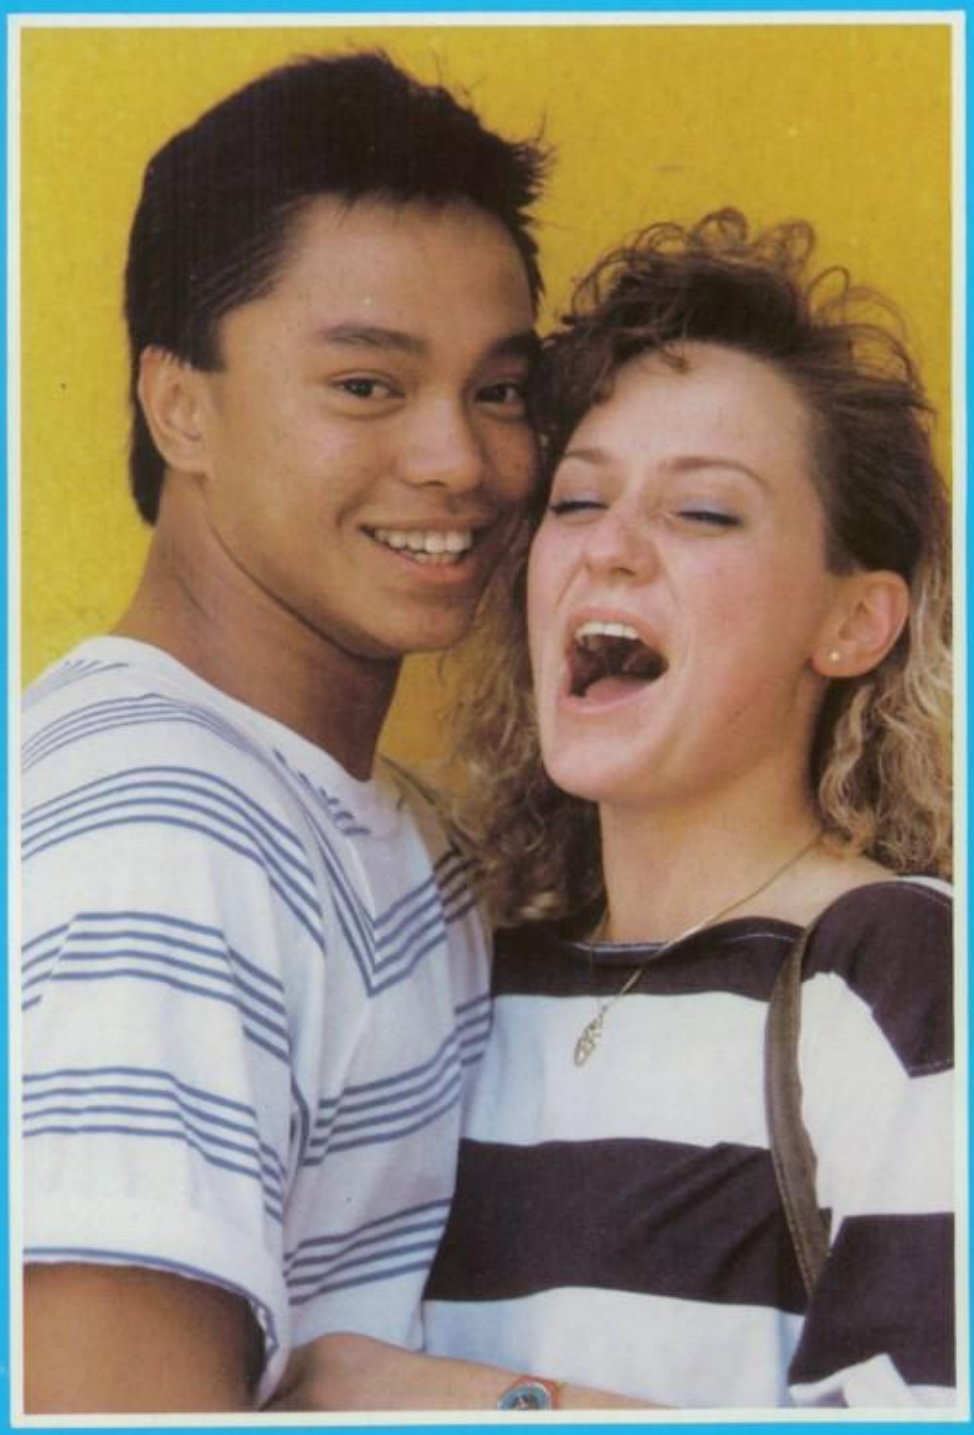


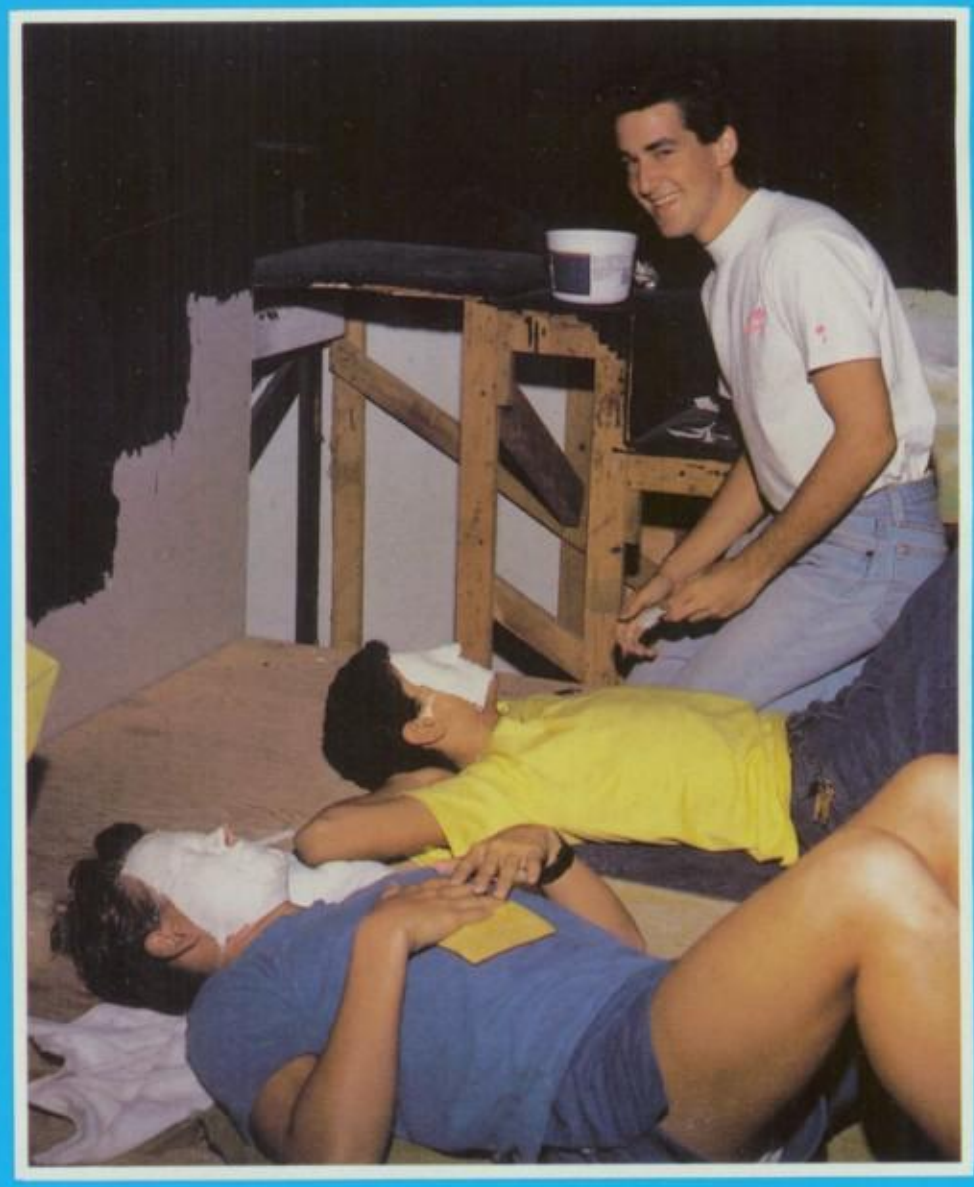


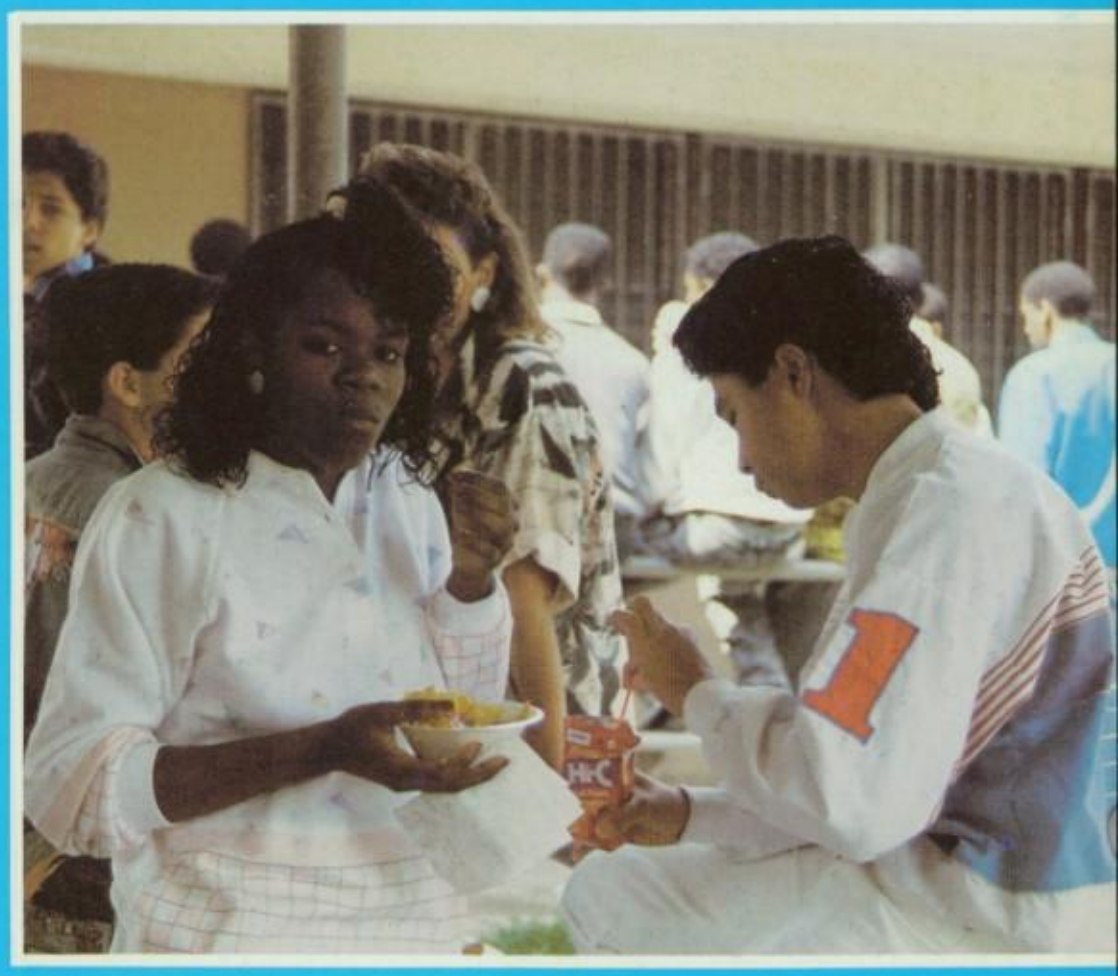


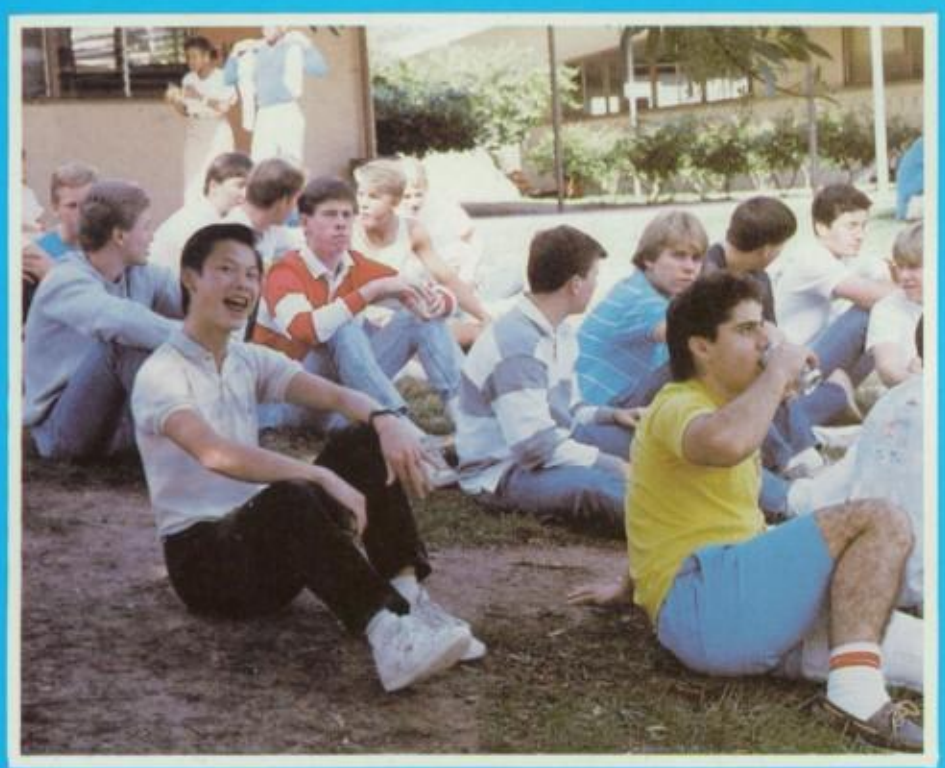
'WOW! What a class! And we were fortunate to work with you. The Class of '88 has been a pleasure for us. Because of your spirit, energy, and fantastic abilities. We know you will achieve most, if not all, of your goals. Thank you for your friendship. Thank you for letting us share the memories of the last four years. God Bless all of you.'

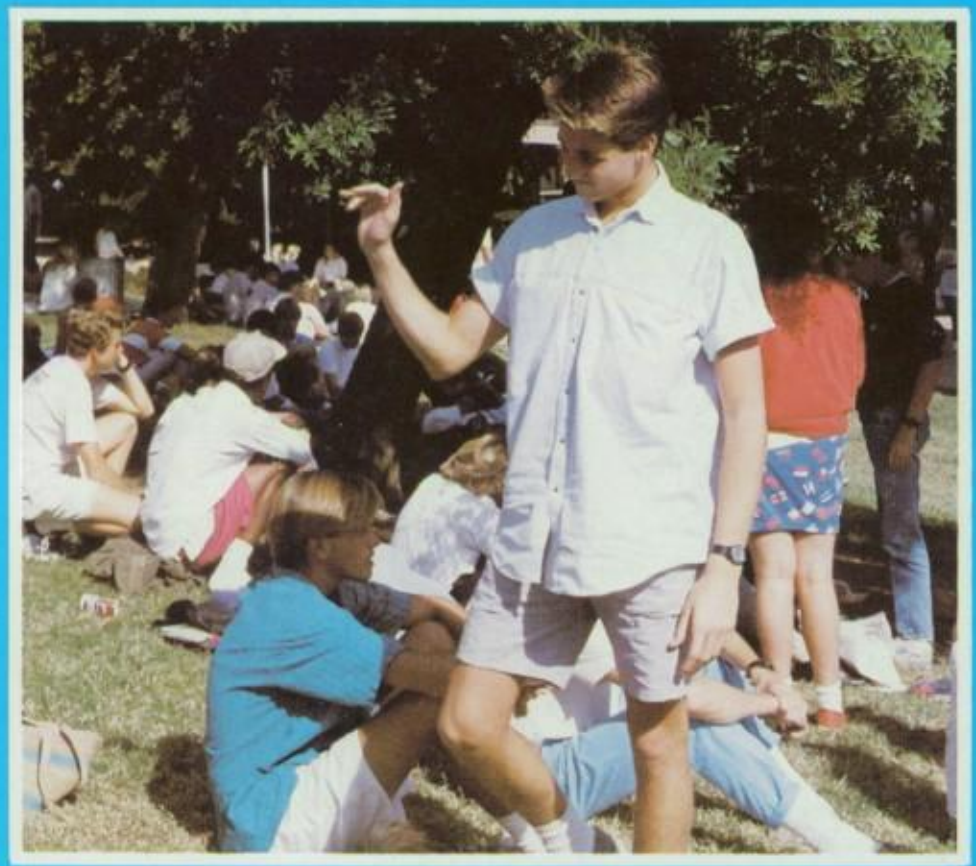
Mr. Carlson and Mr. Fey
Senior Class Advisors

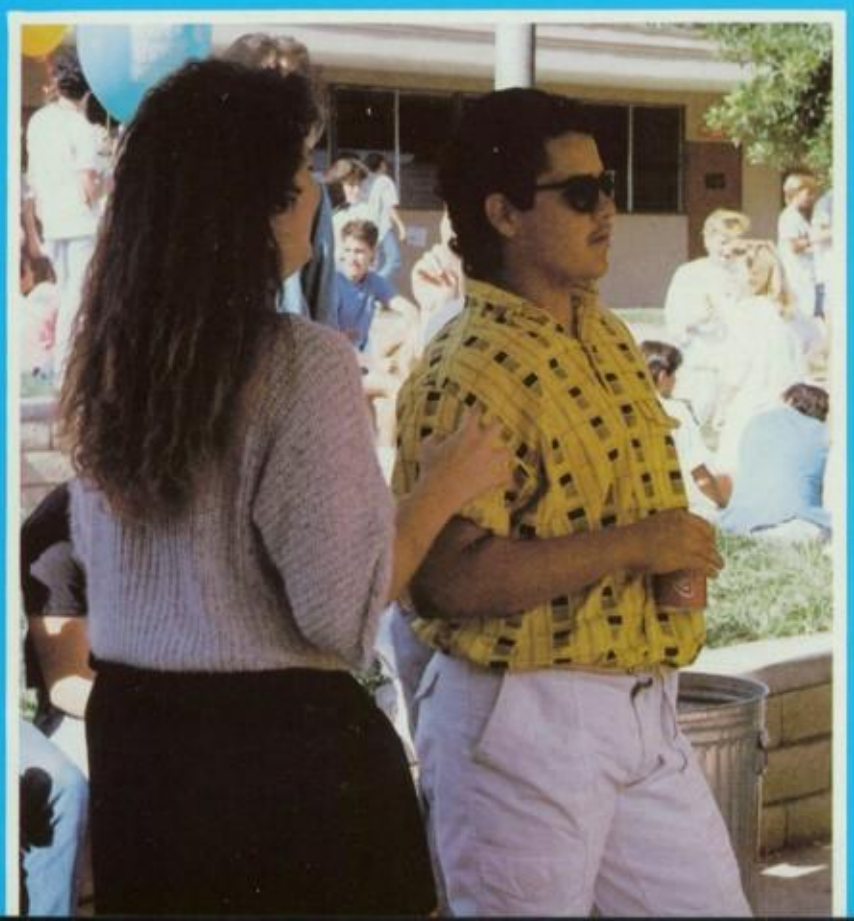


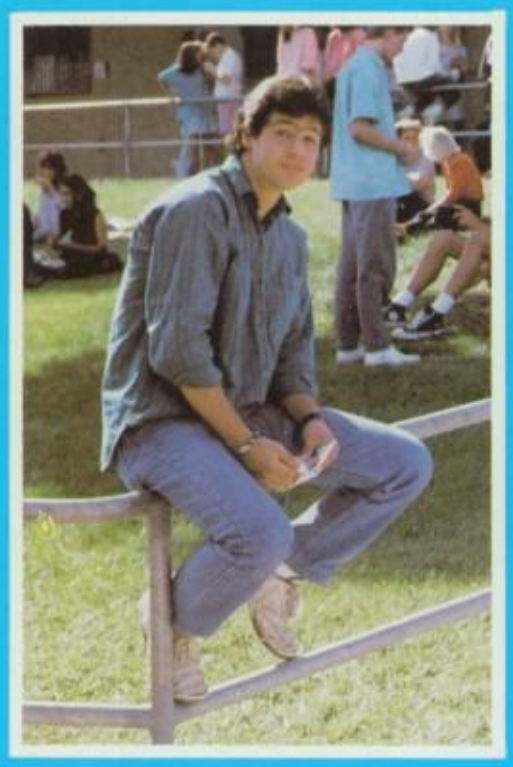












'The Yearbook Staff of 1988 would like to congratulate the Senior Class on a very successful year. Although you may be leaving Monte Vista physically, we hope that you do not leave behind the good memories. As you graduate, remember that there is a world full of opportunities awaiting you. Good Luck to all of you."

In their junior year, ***Michelle*** *and* ***Curtis*** *were chosen as Monte Vista's representatives to 'Boys' and Girls' State. State is held in Sacramento and is a working model of our state's system of government where high school juniors, from around the state, take part in running a simulated government. Their experiences not only taught them about the state government, but also allowed them to have fun and meet a lot of new people. In addition to their activities, students were given free time and both* ***Michelle*** *and* ***Curtis*** *saw a lot of the city.*

Trevor Henderson

"I want to be remembered not as the brain who got straight A's, but as a good guy. To me achieving in school is just one of the ways I've had some great times with some really good friends. I've made the most of my high school years inside and outside of the classroom. To all the Monarchs I wish the best of luck in the future. Don't do anything I wouldn't do."

Salutatorians

Renee Cronk

"Being a salutatorian means a lot to me, but not as much as the friends I've made and the experiences we've shared. High school is almost more social than academic, and I believe that there is more to learn in life than just what comes from books. I'd like to thank all of my friends and teachers for everything they've taught me."

Jennifer Ryan

" I will never forget these past four years. It's been a difficult yet rewarding experience. I hope my successes and failures will help me in the future as I move on to college and a career. I would like to thank my teachers, and especially my family and friends, without whom I never could have made it through."

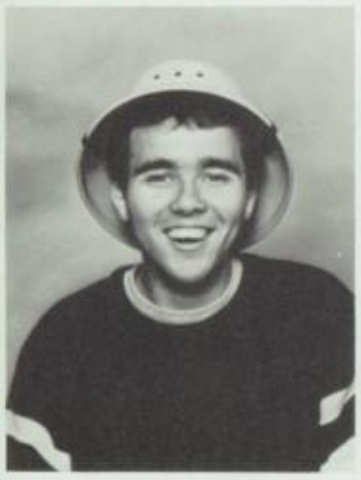
Foreign Exchange

Monte Vista was honored to host fourteen Foreign Exchange Students this year. The countries of Brazil, Germany, Japan, and Finland were represented with curious and lively people experiencing the United States. Monte Vista will miss our guests from afar, we hope your stay here in America, especially Monte Vista, was a pleasant one.

Front Row (L to R): ***Maiko Funato, Ali Pitkanen, Sandra Schleicher, Yu [illegible], Susanna Aartolahti, Anne Backman, Keiko Matsubara, Robin Hoecken, [illegible], Ruediger Schmidt, Susanna Aartolahti, Anne Backman, Keiko Matsubara, Robin Hoecken, [illegible] Anna Ahlberg, Stefan Liebig.***



Rogerio Pereira
Brazil

"My first day at Monte Vista was very confusing. I also had no friends. Some weeks later the world was exactly the opposite. I would like to thank my teachers, classmates, and friends! I will miss you all when I go back home.'

Sandra Scheicher
Germany

'I want to thank you all for making my year here so wonderful, funny and exciting. I made so many friends. I love the food and how friendly Americans are. I learned a lot and so much fun. I love you all and will never forget anything about this year!'

Ruediger Senft
Germany

'I really had a great time here in California. I want to express my gratitude to all my friends. Last but not least, I want to thank the Monte Vista staff for their support and help. Thank you MONARCHS, you made this year so 'rad' for me. TSCHUESS.'

Anssi Ahlberg
Finland

'When I arrived here, I was sure that my year was going to be the greatest year of my whole entire life. Monte Vista is great, everybody is so nice, it is going to be hard to leave you. Thank you to all who have made my year here so great!'

Susanna Aartolahti
Finland

'What is it like being an exchange student? Well for me, it has been a very nice experience. Thanks to my friends and my wonderful host family. I will have many fond memories to take home with me.'

Anne Backman
Finland

' I have made a lot of new friends, visited many places and tried many things. I have had a lot of fun. I want to thank my parents for giving me this experience and my host parents for making it so good. I'm going to miss you all.'

Ali Pitkanen
Finland

'Thanks to Monte Vista's students and teachers for the great year in the United States. I have so many good memories and have many new friends. I will never forget this year. I love the United States and will come back again. Thank you Monte Vista!'

The Royal Page is Monte Vista's school newspaper. The papers staff spends numerous hours producing a quality paper. Story assignments, selling advertisements, writing stories, and working on layouts are only a few tasks they accomplish before every issue. With their new format, they've tried to reach out to every student at Monte Vista and inform them of current and upcoming events as well as Monarchs on the rise.

In their attempt to reach the students, they've published ten issues, one every three weeks. The paper also includes special Homecoming, Christmas, and Senior editions. The staff has also given students the chance to voice their own opinions about anything they might have on their minds.

The Academic Decathlon team consists of nine eleventh and twelfth grade students who compete at a 10-event-academic match. The competition occurs in mid-November each year and most high schools in San Diego County enter. This is the fifth year that they have competed, and have finished in a range from 7th to 24th place over the years. (There are about 60 high schools in San Diego County.) The Academic Decathlon team members are among the brightest students in the school. The advisor is ***Owen Miller.***

Key Club

[illegible] is an organization in which students join together to serve the community. The club holds various fundraisers beneficial to both the club and the surrounding community. Some of the well known activities sponsored by the Key Club are the Annual Thanksgiving Canned Food Drive and the Blood Drive. Other activities include volunteer work to help in the Annual 10K Run sponsored by the Leukemia Society and helping in the Special Olympics. With the money raised, the club can support such organizations as the Humane Society. The Key Club has grown strong with its 58 members, and hopefully will continue to do so.

S.A.D.D.

[illegible].D.D., Students Against Drunk Driving, is a fairly new club here at Monte Vista. It can be found at just about every high school in the country. As their title expresses, they are dedicated to fighting the growing problem of drunk driving accidents in our society today. They try to spread their message through films, posters, and guest speakers for the students here at MVH.

Sweethearts Dance 1988

'When I'm With You' was the theme for this year's Sweethearts dance. The dance was held at SDSU's Montezuma Hall. It was nicely decorated and filled with a festive atmosphere. The dance was held on January 29,1988. It started at 8:00 pm and ended at 12:00 am. The Sweethearts dance is a semi-formal dance where the girls wear formal gowns and the guys wear tuxedos. 226 couples attended this year's Sweethearts, dancing to music played by After Dark. Overall, everyone had a good time dancing, enjoying refreshments, and socializing with all their friends.

Larry Shepard
Head Coach

The 1987 Varsity Football team began the season with an enthusiastic attitude and hopes of a playoff-bound season. The hopes were partially shattered due to injuries to key players. They included ***Tony Campbell, Bryan Paul, Jon Renert,*** *and* ***Alex Rohrke****. However the never-say-quit attittude of the team refused to diminish.*

Despite starting as many as ten first-year varsity players on both offense and defense, the Monarch battled hard in every contest. Seniors ***Jason Ehlen, Halifu Johnson, Ishi Gorden,*** *and* ***Roger Dodd*** *lead a pontentially explosive offense. While the gang-tackling defense, which gave up the third least amount of yardage in the league, was spearheaded by* ***Paul Odish, Shawn Owen, Dru Williams,*** *and all-around player,* ***James Fraser****.*

James Fraser *and* ***Alex Rohrke*** *both received the honor of being selected by the Grossmont League coaches to both the offensive and defensive All-League teams.*

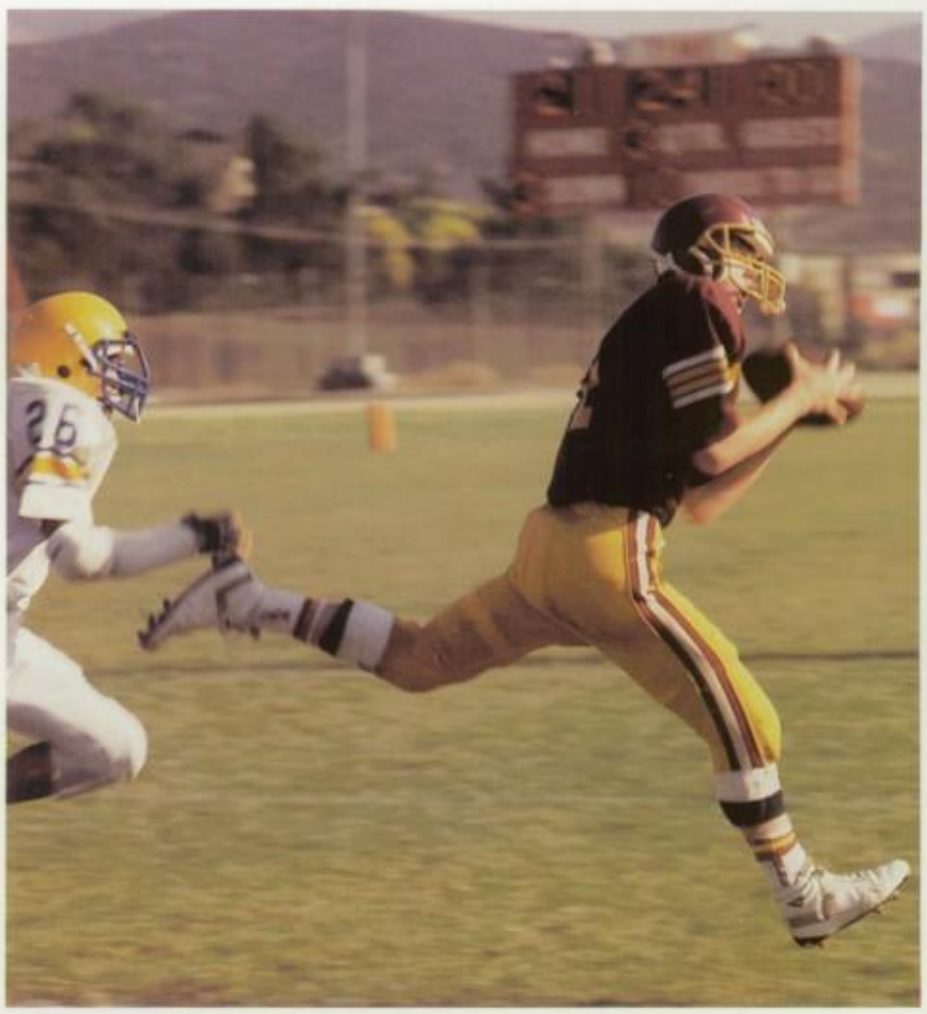
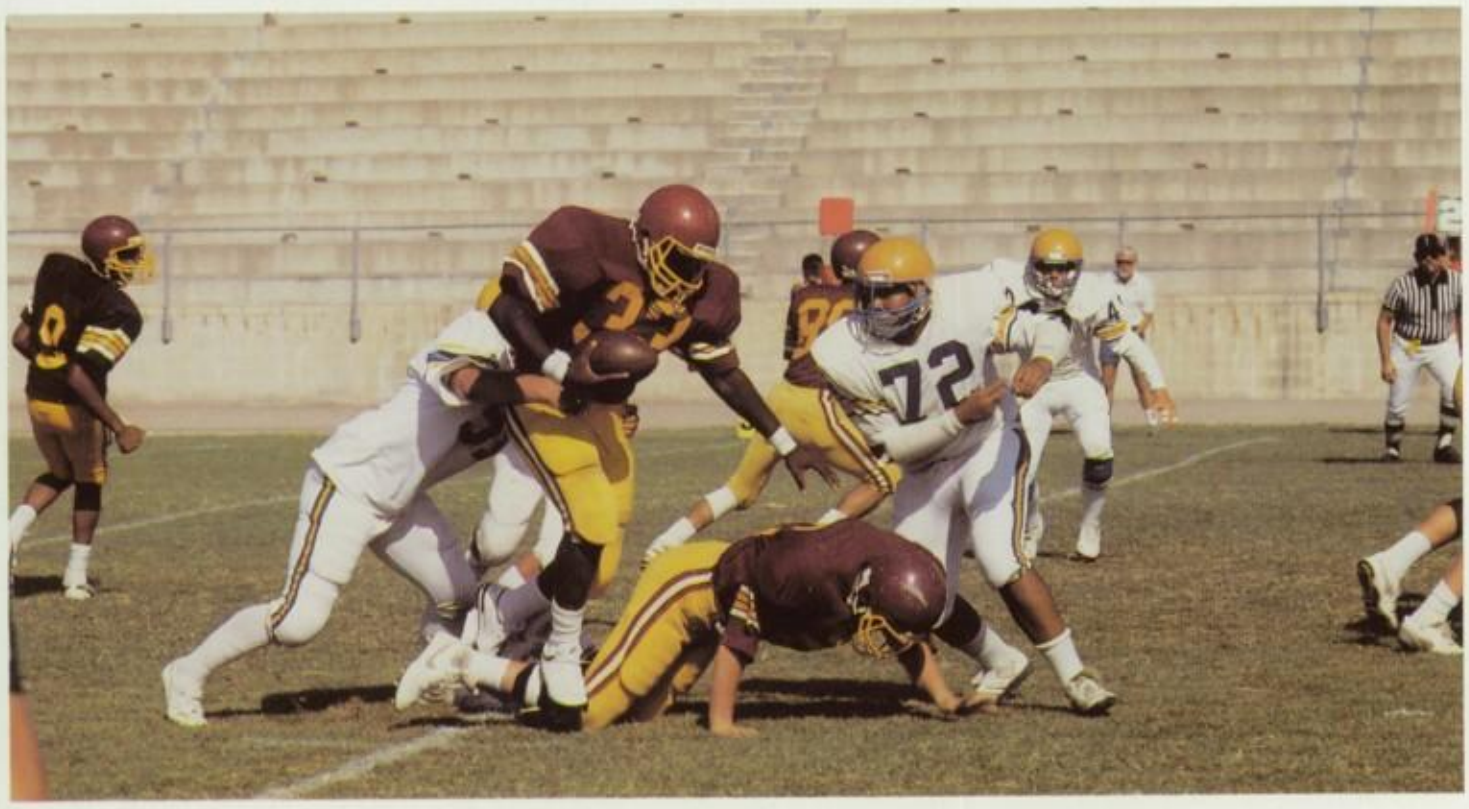
Coach Garner *gives words of advice to the young Monarchs.*

Steve Ryan *makes a leaping catch to help the Monarchs to first victory against Mira Mesa.*



The 1987 JV Football team was a group of experienced sophomores and talented freshmen. Sophomores ***Deron Claiborne*** *and* ***Tony Spiller*** *led an explosive offense that could score anywhere on the field. The Monarch defense referred to by Coach* ***Garner*** *as 'Nuggets,' was an important factor in the Monarch's success. Sophomores* ***Curt Howard*** *and* ***Chad Richard*** *led a hard-hitting defense. The team ended the season with a 5-3-2 record. In the words of Coach* ***Garner****,'They can only get better and better!'*



The offensive *line gives quarterback* ***Deron Claiborne*** *great protection from the Baron defense and allows him to complete a pass.*

Charles Whitehead, *#33 carries the ball, striving for a first down.*

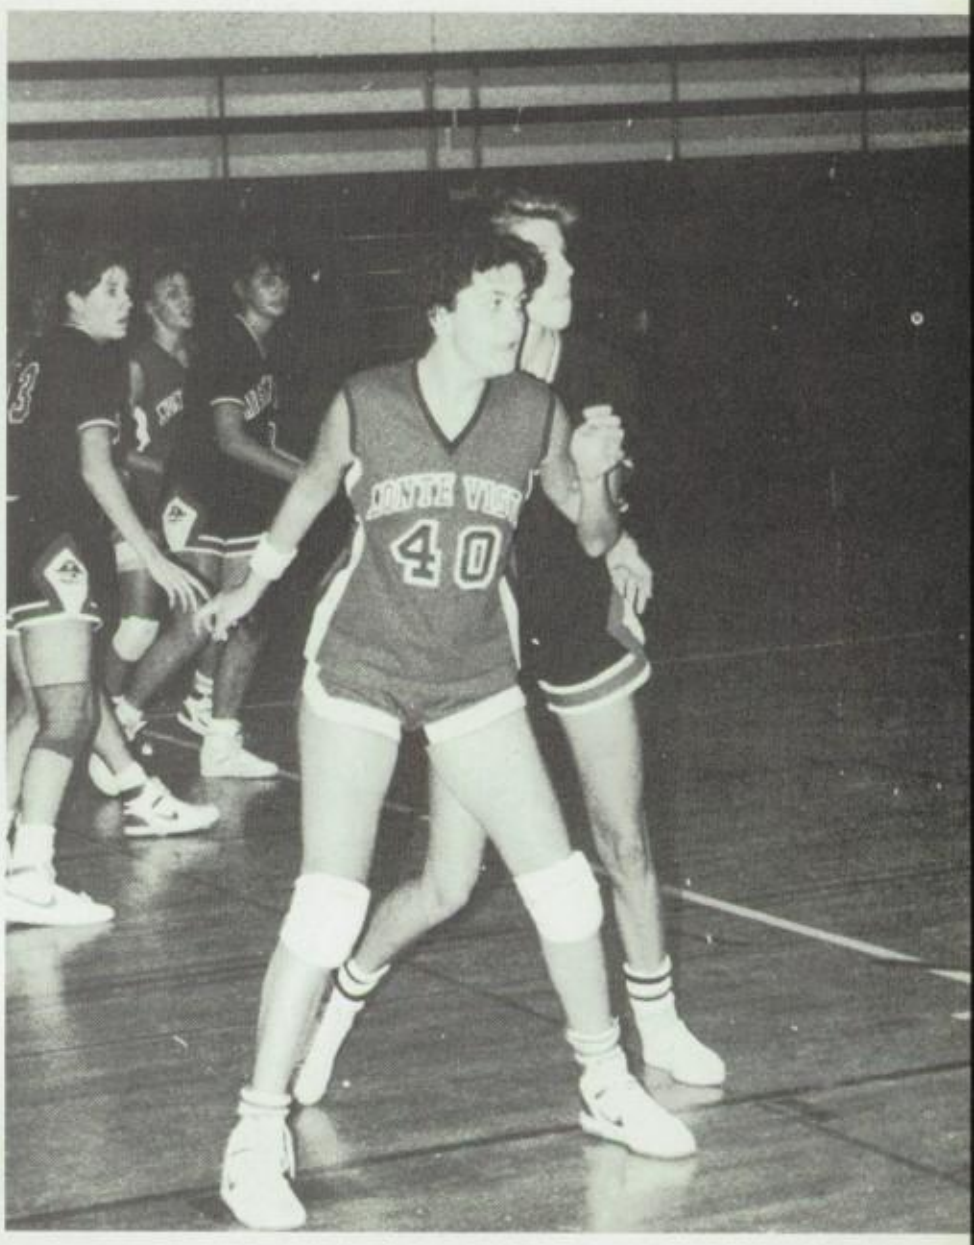
Sophomore Leigh Wilkerson *shoots for two.*

Senior guard Melissa Smith *pulls down the rebound for the Monarchs.*

Diana Clough *#40 fights for position and waits for a pass.*



The '87-'88 Varsity Girls Basketball team was a team of little court experience and a lot of dedication. Only two starters returned this season. Many of the girls spent a great deal of time during the off season improving their basketball skills.

This season's offense attack has been gifted with great strength and height inside on the post. With 5'10" senior forward ***Danise Myers*** *and 6'1" junior forward* ***Diana Clough*** *being the main threats inside, they helped the Lady Monarchs become a more successful team.*

First team all-league senior guard ***Melissa Smith*** *led the team in scoring as well as being the leader of the team.*

With only two graduating starters, the Lady Monarchs look to be even more successful in the future!

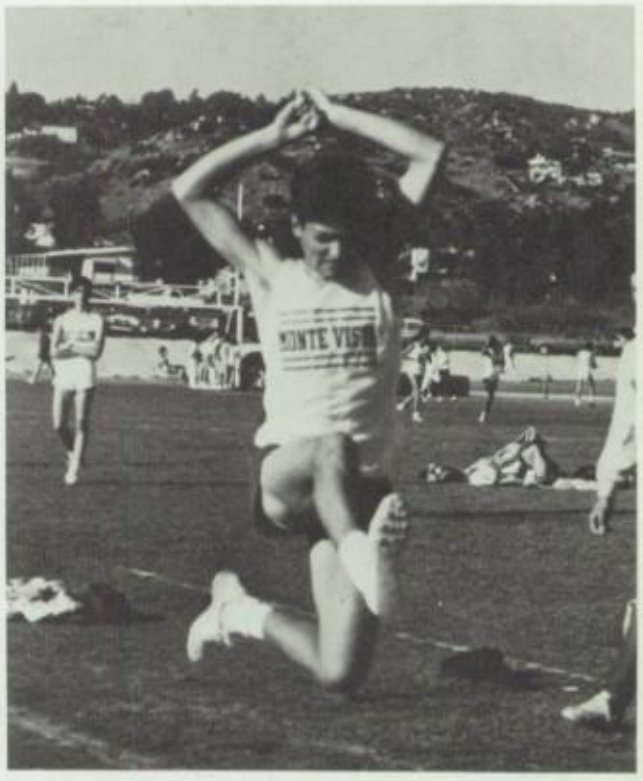
John Martin *beautifully executes his first jump.*



Jason Warick *gives it his all as he breaks the finish line in his first place victory.*

Chris Low *glides over his second high hurdle.*

The Monte Vista JV Track team is a very promising squad of strong young athletes. They kicked off the season with a 2-0 record and are quite capable of continuing undefeated. The JV Track events are similar to those of the Varsity squad yet still differ. The field events are one in the same but the running events offer a different variety. These events being as follows: 2 mile, 660, 70 high hurdles, 1320, and the 330 low hurdles.

A student can win the Art Student of the Month Award. The Art Department also awards one senior the Outstanding Student Award.

Art is offered for grades ninth through twelfth. Students learn about the history of art and study artists of past and present. Students participate in cartooning, sketching, water coloring, and other activities.

Crafts is offered for tenth through twelfth graders. Students participate in a variety of projects. Some of the projects include pottery, basketry, and weaving. Advanced students will be introduced to more advanced projects.

Photography lasts one semester and is offered to seniors only. Here, students are introduced to the elements of picture taking. Students also become familiar with the parts of a camera and their functions.

Computers are used often in this department. Many classes such as Accounting and Business Lab rely heavily on their use for various projects. In Word Processing the entire class is based on computer education and each student works at their own computer station.

These classes offer a basic education in business skills that provides training for the Regional Occupation Program or for the many community colleges. Monte Vista is lucky to have such an excellent business department and has recently been selected to receive funds to be the model site for integrating computers into business education.

'Reading maketh a full man; conference a ready man; and writing an exact man.'

-Francis Bacon

Monte Vista's English classes include honors, college preparatory, applied arts and skill remediation classes for grades nine through twelve. The twelfth grade allows the students more choices and the extra opportunity for indepth study in certain areas. These classes include: English 7-8CS, English 7-8HS, Media 1CS, Creative Writing 1CS, Shakespeare 1S, and Autobiography 1S, which meet higher levels of writing skills.

On the college prep and honors levels, the major course emphasis is centered on a quality preparation for success in college. As the student progresses through the following grade levels, career instruction is limited and more leadership skills are introduced (group associations, debates, class presentations and projects, etc.). The English Department has a strong commitment to close-textual analysis of literature and the teaching of writing, listening, and speaking through critical thinking skills in a systematic study of the previous works. Each regular course includes instruction of the basic fundamentals of writing which include: grammar, punctuation, capitalization, spelling, vocabulary, sentence structure, and multi-paragraph pieces in descriptive, narrative, informative and persuasive forms.

Career information and practical job skills relating to English are introduced on a broad scope early in the 9th grade with such units as consumer reading, faulty advertisement, and exposure to basic application forms. The senior applied arts courses comprehensively explore adult careers, including areas of how to prepare, obtain, retain, and change careers.

Monte Vista English students are supplied with literature and grammar-composition books each semester, or depending on when the class finishes and starts with each unit. Each classroom is supplied with eight to ten dictionaries and thesauruses for each students use. The department offers a variety of teaching guides for literature and writing, and a large variety of teacher-generated instructional units for both GRA English and reading requirements. There is also shown in a number of classes assorted films and video tapes provided by the District. The English Department also generates new courses to fit the changing needs of its students.

Students are graded and evaluated both individually and collectively by their teachers, as well as various student selected state and national college placement examinations. The primary measurement of the average to low-level student's learning in reading and English is done with the Grossmont School District's proficiency test (GRA). Since these tests were introduced in 1981, Monte Vista has always had 100% passage of the two tests in the English area. Another measurement of English skills is reflected in the CAP scores. In areas of reading and writing, Monte Vista students have measured above the district averages, and well above the state averages, for all years since 1979. In 1985, the Monte Vista senior class English students were recognized with a $15,000 cash prize by the state.

The Monte Vista Foreign Language Department offers courses in German, French, and Spanish. These classes range in difficulty from first year applied arts to advanced fifth year studies. The basic goal of the Foreign Language Department is to develop and implement basic skills of reading, writing and speaking a foreign language. Courses aim to waive requirements at the lower college level and promote the study and use of foreign language after college. The success of the Foreign Language Department can be measured by the student's performance on the College Advanced Placement tests. In 1987 all fifth year Spanish students scored a three out of five or higher on the A.P. With Monte Vista's experienced Foreign Language teachers, high test scores should continue here in years to come.

Industrial Arts Department

Richard Snow
Department Chairperson
Pre Voc Auto 1S-2S
Pre Voc Drafting 1S-8S

This year the Industrial Arts Department, chaired by **Mr. Richard Snow**, *offered many diverse and exciting opportunities for its students.* **Mr. Snow** *speaks proudly of the projects completed by the students in his department, particularly in Drafting, his forte. Other classes offered by the department include Woods, Metals, Auto Shop and ROP Machine Tool Operator.*

Beginning Drafting students this year learned the basics of the art by completing a variety of assigned projects. As students continued on to more advanced classes, they created working drawings for residential homes and built three dimensional models. The most advanced students had the opportunity to program designs on one of the department's four Computer Aided Drafting (CAD) computers, which were purchased with funds provided by the Vocational Education Act (VEA) and the California Lottery. Drafting is the second fastest growing field in the nation, and it offers excellent career opportunities for those getting a head start here at Monte Vista.

The school wood shop offers instruction in the manipulation of various hard and soft woods, adhesives, and applied mathematics, including measurement and computation. The metal shop provides experience in welding, forging, sheet metal and machine work. The auto shop teaches the basic of diagnosis, tuneups, brakes and motor repair. All classes stress the importance of safety and enforce numerous safety precautions.

As successful as the Industrial Arts Departmet is, it is not without problems. Declining enrollment is a major obstacle to continued success. **Mr. Snow** *believes this is because ' so many students are deprived of the opportunities to take Industrial Arts by the numerous graduation requirements imposed upon them.' He also believes this is a major contribution to the overall dropout rate. Hopefully this trend will be reversed and Monte Vista will continue to maintain a thriving Industrial Arts Department.*

Math Department

Michael Lambe
Department Chairperson
Pre-Algebra 1S

Pre-Calculus 1CS
Pre-Calculus 1HS

The Monte Vista Math Department, headed by ***Mike Lambe****, offers its students a broad range of courses. These courses include Basic Arithmatic, Algebra, Geometry, and Calculus, to name a few. The variety of courses challenge the weakest and the strongest students.*

The Math Department has a number of college prepatory classes. These classes give students a solid math background allowing them to take advanced math courses in college. A college bound student must take three years of math, but four years is advised.

The Math Department has an outstanding honors program. It offers the advanced students a chance to take courses higher than college prep. These classes prepare the honors students for Calculus. Students who take the Calculus course have the option of taking the AP Calculus Test. If a student passes the test with a 'three' or higher they may then, depending on the school, skip several of the general education math classes in college. To pass the AP Calculus Test is quite an achievement because it is an extremely difficult test. Last year seven students passed the test from Monte Vista, the highest number ever. Two of the students received 'five', the highest score possible.

The math teachers expect the students to apply themselves and work hard to learn. If a student does not understand a principle, then he or she can ask the teacher for extra help: before school, at lunch, or after school. The math teachers are very willing to help and wish that more students would take advantage of this opportunity. They also would like more students to join the Math Club or the Math Team.

The Performing Arts Department consists of the instrumental, vocal, drama and dance groups.

***Rebecca Basilio** leads the vocal musicians. This includes ensemble, glee and the advanced choirs. The ensemble, named "Music in Motion", travels and performs all around the county. The advanced choirs travel usually every year to competition and group tours. This year they are traveling to Orlando, Florida. This group has a history of receiving superior ratings at county music festivals.*

*Also in the music department, **Chris Nowlin** directs the instrumental groups. This includes the marching, jazz, and symphonic bands. The jazz or "stage" band will be traveling to Orlando, with the choir. The Marching Band performed at half-time during football games, and traveled to competitions, receiving all first and second place awards in 1987. **Mr. Nowlin** also teaches beginning band and guitar.*

***Ron Jessee** instructs the theatrical portion of Monte Vista. He advises actors of all skill levels. In addition to his own drama experience, he uses a text, Theater: Preparation and Performance. Together, MV can provide instruction in improvisation, theater history, scene study, and theater morgue. The highlights of the year are the department's performances. This year they performed "Scapino" and have another play planned for the Spring.*

*Perhaps a deviation from the others, but certainly still an outstanding aspect of our school, is the dance department. This section is headed by **Joy Phelps**, an excellent and experienced dancer herself. She teaches the beginning, intermediate, and advanced dancing groups. Her main project is the Advanced Modern Dance Company. Each member must audition for the company, chosen by **Mrs. Phelps**. The goal of this group is their Spring Concert at East County Performing Arts Center, with a tradition of about 100 dancers participating and 2,500 people attending the three performances.*

In order to graduate everyone must take and pass first-aid. All students must suit up in the appropriate P.E. uniform and participate to the best of their ability. Everyone wearing the same P.E. uniform is a new idea established at Monte Vista. The students grades are based on participation, skill, combined with effort and conduct. One textbook is used in the physical education department. It is used in the first aid class and the title is Multi Media. In order for a safe and good atmosphere for learning most skills are demonstrated by coaching staff. The weight room also has several lifting charts which aid in using the proper technique.

The Science Department is one of the most diverse at Monte Vista. Classes range from Physical Science (remedial and applied arts) to second year Biology (honors and college prep) including Earth Science (remedial and applied arts), Physics (college prep), Science (college prep), Chemistry (college prep), and Biology (honors, college prep, applied arts, and remedial).

Science is a difficult subject to teach because it requires not only a knowledge of science, but also of math and english. Despite the difficulty, science is a subject that allows for a lot of creativity in teaching techniques and the teachers at MV take advantage of this, adding to the diversity between the classes.

There are many differences between Science and other classes at MV One difference is the many labs that are performed in the various classes. The most memorable of which is the pig disection lab in Bio I. These labs allow students to study firsthand how science works.

Another major difference is the science activities available for students outside of class. On February 26, Monte Vista had its annual Science Fair. It's primarily for Chemistry and Physics students, but anyone can enter. The projects are displayed for everyone and are judged in each catagory. The best projects are sent to compete in the countywide, Downtown Science Fair. Another popular annual event is the Science Olympics held in May. Students sign up to compete in various contests related to the use of physics. Winners are awarded in each catagory, and it's a day of fun for participants and spectators.

One aspect of this department is the opportunity for students to take the Biology Advanced Placement Examination. After taking Biology I and II students are well prepared to take this test. In 1987, 27 students took the Biology Advanced Placement test and 25 of those passed with three receiving the highest possible score.

Science classes are among the most memorable, and Monte Vista's science department has not only taught us a lot, but has also made our Science classes interesting and fun.

Monte Vista's Social Science Department has much to offer a Monarch student. The program begins in our Freshman year and continues through to our Senior year.

As a Freshman, a student is programmed into one of four levels of Geography. The highest level is the only advanced placement class offered in this department. The books included in the Freshman curriculum are World Geography Today, and in the Honors class, is an added text called World Civilizations. This book explores world history, and it meshes well with the students' studies in geography.

In a Monarch's Sophomore year, the social science requirements are one semester of Computer Studies and one semester of Career and Family Studies. In the Computer classes, the students are educated in basic computer programming skills; they study the history of computers and various computer languages. Career and Family Studies helps a Monarch student to be a more well rounded individual. The studies include communication skills, budgetting, sex education, occupational training, and other personal skills.

A junior social science student takes U.S. History. In this class, students learn about our country's past. The text used is Professor **Bailey's** *American Pageant. Activities include essays, tests, quizzes, and some small group work. This class is intended to educate our generation of our predecessors mistakes in hopes of preventing their repetition.*

In the Senior year, Monte Vista's Social Science Department offers four classes. American Government is a graduation requirement, and it has two levels: applied arts and college preparatory. A third level is offered to remedial students in which the students study basic civics. This year Psychology and Economics fulfill the senior Social Science requirements. Next year only Economics will meet this requirement. Psychology and Economics are offered on the same two levels as the Government classes.

Through Monte Vista's Social Science programs, a student learns many useful skills. In SAT tests and other achievement tests, Monte Vista's scores have reflected the positive impact of this curriculum. We consistently rank above the district in student achievement. In the California Research and Development Tests taken in the 86-87 school year, Monte Vista ranked as one of the top schools in the Grossmont Union High School District.

Special Education Department

Sheldon Wasser
Department Chairman

Monte Vista's Special Education Program began in September of 1969 and has been going strong ever since. This department started out with only one full-time teacher. Now it has developed into a department of six full-time teachers. Special Education is designed to help the average student who just needs a little more help in some areas. There are two sections of this program: Special Day and Resource Specialist Program (R.S.P.). The difference between the two sections is the number of classes an individual is taking. The Department Chairman is **Sheldon Wasser** *who has been here at Monte Vista since 1970. When he started, the Special Education Program had one trailer for this class. Monte Vista's Special Education Department has come a long way in a short time. Now it is one of the largest and most successful Special Education Departments in the Grossmont School District.*

The S.T.A.R. program is new at Monte Vista. It gives students who have had past difficulty in the traditional high school environment a fresh start. They have a regimented schedule that organizes their educational progress. Each day the students have a certain amount of work to complete. They work at their own pace, striving to achieve their personal goals. These students have opted for this specialized curriculum, and most feel that they are benefitting. After the completion of set goals, S.T.A.R. participants have the option of returning to a more standard system or remaining in the program.

Work Experience
(Physical Education)

Work Experience is a program designed for Juniors and Seniors which enables them to receive credit towards graduation by working. This course gives students the opportunity to discover vocational interests and aptitudes, as well as to gain practical experience in the work place. In addition to high school credit, Work Experience offers the student a supervised experience, providing protection from exploitation by employers who are looking for cheap labor to work illegal hours. The program also encourages members of the community to hire students, enabling them to investigate career possibilities.

The Regional Occupational Program offers students a chance to develop useful job skills while still in high school. The program is also available to adults and those out of school. Following their completion of the course, students are aided in their job search. This aid includes information on how to find a job and how to prepare for an interview. R.O.P. courses taught at Monte Vista include Retail Training and Secretarial/Clerical Training.
